# **1. SMS -MySchool : What is it?**

This computer program dedicated to school management has been in use since the 2013- 2014 school year. This web portal is a complete school management system (SMS = School Management System) to which everyone in the school community (parents, students, teachers, administrative staff) has personal access.

This modern tool common to all European Schools enables effective email communication and provides access to system announcements on the home page. Parents can view their children's schedules online. Student absences are also entered by the teachers at the start of lessons (except for school trips, sports classes, and so on...) and parents may view absences on the portal for the last 14 days.

Information regarding school life (parent-teacher evenings, events, trips, outings, and so on...) is posted on the portal and communicated by e-mail. It is therefore vital that parents consult the portal regularly.

Parents should inform the school administration as soon as possible in case of a change of address, employer, email address, home phone number or service/office address by sending an email to the following addresses:

For the Nursery and Primary School: [yolande.michaud@eursc.eu](mailto:yolande.michaud@eursc.eu) / [melanie.kistiaens@eursc.eu](mailto:melanie.kistiaens@eursc.eu)

For the Secondary School:

[blandine.thisserant@eursc.eu](mailto:blandine.thisserant@eursc.eu) / [carine.sommen@eursc.eu](mailto:carine.sommen@eursc.eu) / [valentine.gillot@eursc.eu](mailto:valentine.gillot@eursc.eu)

## **1.1. Special feature for Secondary cycle**

### **Course Info :**

This section names the class and indicates the principal teacher. Courses will be listed along with the names of the teachers and their email addresses.

### **Term Reports (Report cards):**

These will be posted as quarterly statements.

### **SMS in the Secondary School**

For optimal operation, the SMS portal requires :

- A regular consultation of the school mailbox <https://office365.eursc.eu> by the pupils,
- Regular connection of students to the SMS portal <https://sms.eursc.eu/login.php>
- Exclusive use of the school's email address for all exchanges with the school (teachers and administration).

The ICT plan indeed prohibits the use in the school of students' personal email addresses, social networks to communicate with the school.

All students receive ICT information and receive their username and password when they enter S1.

All the students have a username for Office365 and SMS (6+2@student.eursc.eu) and an Email address (firstname.name@student.eursc.eu).

In SMS the pupils and parents will find the following information:

- Attendance
- Material covered in the class
- Homework
- Marks/grades
- Uploaded files if applicable

## **1.2. Protection of personal data**

The European School of Luxembourg II is committed to protecting your private life when processing

your personal data and those of your child/children in accordance with the general regulation of the data protection (Rules UE 2016/679) relating to the protection of individuals regarding personal data processing. Your personal data will be processed solely for administration and support of your child/children. They will be stored for as long as necessary or at the least for the duration of your child/children's time at the school. They will be treated as strictly confidential and will not be subject to any disclosure to third parties, except for communications made necessary for the technical operation of the European Schools.

The European Schools enter into contracts with these third parties to provide services related to their management. These third parties are required to respect the confidentiality of the data entrusted to them and to use these data in order to fulfil their commitments to the European Schools.

In accordance with the legislation in force, you have the right of access to information and personal data about you or about your child/children and a right to rectification. On request, you may review the data being processed and correct any inaccuracies. Requests to consult or correct any of the data may be sent to the following email addresses.

## **2. School calendar**

[School & holidays calendars](#)

## **3. Access to the school**

### **3.1. 3.1 Welcome the students**

#### **A) Student's arrivals condition for each cycle**

##### **Nursery cycle**

The school opens its doors at 08:15. Pupils enter the school through the gate of the nursery playground.

From 08:15 - 08:35 arrival and supervision in the nursery playground

##### **Primary cycle**

The school opens its doors at 08:15.

From 08:15 - 08:40, students will gather in the courtyard of the Primary Building, weather permitting. In case of inclement weather, students will proceed directly to their classrooms.

Classes begin at 08:40. From the courtyard, students will line up with their class teachers as from 8.35.

Parents may not enter the interior of the building or the courtyard. Exceptionally during the first part of September, parents of P1 students may request an entry badge the security guard allowing them to accompany their children to the meeting point.

Security guards and supervisors are recognizable by their bright yellow or orange vests and will be available to assist the children with any of their needs.

##### **Secondary cycle**

Students will have access to the buildings starting at 08:00. They may enter through the main doors of the Administration Building or by Entrance n°7 (access toward the CFL train station).

They may proceed to room A-203 (for S4-5), room B-019 (for S6-7) or, starting at 08:15, they may go to the library.

Educational advisers will be onsite in the Educational Advisers' Office (room A201) starting at 08:00.

#### **B) Morning Supervision of the Bus Platforms**

For students who come to school by bus, the school provides supervision around the bus platforms from 08:15 - 08:40 (or until the last morning school bus has arrived) and an accompaniment service for pupils from the Nursery cycle from the bus platform to their respective buildings. Supervisors mark the route from the bus dock to the primary building.

Nursery students will be supervised and accompanied to their respective buildings by members of the

staff and ATSEEE security guards.

### **C) Late Arrival (Nursery and Primary Classes)**

In case of late arrival, parents of Nursery and Primary students should bring their children directly to the main entrance of the Nursery or Primary buildings.

Parents of the involved child who are repeatedly late will be contacted by the Direction of the school.

### **D) Late Arrival (Secondary Classes)**

You will find all the details in the secondary internal rules.

## **3.2. 3.2 Dismissing the pupils when accompanied by a parent or other authorized person**

Parents of children in the Nursery and Primary classes may pick up their children at the end of the school day according to the following guidelines. Students in Secondary classes may leave the school on their own at the end of the day.

### **Nursery cycle**

On Monday's dismissal is from 16:15 – 16:30. On all other day's dismissal is from 12:45 – 13:00. Students who go to CPE or other private day-care centres are picked up from their classrooms by the CPE or day-care staff.

Dismissal takes place only at the main doors, which will remain open until 16:45 on Mondays and until 13:15 on other days. A security guard will be monitoring the doors throughout the dismissal periods. Parents are advised to comply with instructions given by the security guard or the school staff. The school cannot guarantee surveillance after 16:45 on Mondays and after 13:15 on other days.

An early dismissal is possible only if the parent or legal guardian has informed the teacher and the school secretary ahead of time. In those cases, the parent or legal guardian may proceed directly to the classroom to pick up their child.

**NOTE:** If finally, you can't pick-up your child and that he/she needs to go home with another person or with public transport, please contact the nursery secretariat before 11:50 to advise the teacher.

### **Primary cycle**

Please refer to the communication sent to all primary parents at the beginning of the schoolyear.

Dismissal takes place only at the main doors, which will remain open until 16:45 on Mondays and Wednesdays and until 13:15 on other days. A security guard will be monitoring the doors throughout the dismissal periods.

We cannot guarantee surveillance after 16:45 on Mondays and Wednesdays and after 13:15 on other days.

An early dismissal is possible only if the parent or legal guardian has informed the teacher and the school secretary ahead of time. In those cases, the parent or legal guardian may pick up his child in the entrance hall near the guardhouse.

**NOTE:** If you can't pick-up your child and that he/she needs to go home with another person or with public transport, please contact the primary secretariat before 11:50 to advise the teacher.

### **Secondary cycle**

Students may leave the school independently after the end of classes as of 16:30. We cannot guarantee surveillance after 16:45.

Students must leave the school when they have a free afternoon according to their schedule unless they have extra curriculum activities.

Details of the school policy for secondary students leaving the campus during free periods can be found in the Secondary Schools Rules and Regulations: Living Together.

### **Late Pick-Up of Nursery and Primary pupils**

Parents who will be late in picking up their children are asked to inform the secretary and the classroom teacher by telephone as soon as possible.

Parents who are repeatedly late when picking up their children will be contacted by the Direction of the School.

## **3.3. 3.3 Dismissing the pupils when not accompanied by a parent or other authorized person**

In keeping with the school's policy to promote the use of public transportation and encourage pedestrian and bicycle friendly zones, the school will provide supervision at the bus platforms during dismissal and until 15 minutes after the end of classes (or until the last afternoon school bus has left).

Nursery and Primary students will be supervised as they proceed from their classrooms or from their building's interior planned meeting point to the bus platforms. They will be accompanied by members of the staff and by ATSEEE security guards. Please note that this service is available only to families who have filled out in advance the form to request unaccompanied dismissal. This authorization will be presented to the teachers at the start of the school year. You will find it on our homepage under "Useful documents" <http://www.eel2.eu/en/page/useful-documents>

**NOTE:** If finally, you want to pick-up your child instead of using public transport, please contact the nursery or primary secretariat before 11:50 to advise the teacher. The school is not responsible if you have an unexpected issue and you can't come to pick-up your child and that it's too late to use public transports.

## **3.4. 3.4 Visits of external people into the school**

### **A) Welcoming visitors**

Access to the school buildings is restricted. Parents who have a meeting with a teacher or member of staff must present appropriate identification to the concierge or security guard.

In accordance with its security policy, occasionally the school may be obliged to temporarily restrict or suspend visitor access.

All visitors for Nursery and Primary must check in with the security guard at the entrance of the building.

All visitors for Secondary and Administration must check with the security guard at the entrance of the Administration building.

Visitors should sign the reception logbook and present appropriate identification to the guards. They will then receive a visitor's tag **that must be worn visibly during the time of their visit.**

Security agents are authorized to inspect bags.

## **B) Visit of guest pupils**

If a pupil wishes to invite an outside friend to the school, a prior written request by the parents is necessary.

The permission may only be granted for maximum one day during the school year and the teachers concerned must agree. The guest pupil must be the same age as the pupils of the class. This kind of visit is not allowed during the week preceding or following the school holidays.

The authorized guest pupil must go to the assistant deputy director for the secondary school and to the secretariat for the primary school to obtain the written authorization and pay the mandatory insurance fee 3,60 €.

In the primary school, only former students are authorized to visit their former class or children (Cat I & II) who will be inscribed in European School in coming months with prior permission from Deputy Direction (a form is available from the pedagogical secretary).

## **4. School start**

### **4.1. Visiting the School for newcomers**

#### **Nursery and Primary cycles**

A visit of the school will be organised at the beginning of September for the families of new pupils.

The date and time will be communicated to you in due course (see school calendar).

Please meet at the entrance of the Administration building.

**Please note** that it will not be possible to meet your child's teacher personally on this day.

#### **Secondary cycle**

A visit of the school will be organised for the families of new students at the beginning of September (see school calendar).

The concerned parents and teachers will meet at 11.00 am at the "Salle des Fêtes" in the "Administration" building.

### **4.2. Begin of the school**

#### **Nursery**

Pupils who have already attended a first and second kindergarten at the European School will resume classes on (see school calendar).

M1 pupils will be welcomed gradually, in small groups on a rota basis, in order to ensure a smoother integration and give them all the attention they need on their first day of school.

All parents of new pupils should have received early July, an enrolment confirmation letter with a start date. If not, please contact the secretariat at the end of August (Tel: 00352-273 224 -3002 or -3239).

#### **Primary**

The school begins on (see school calendar).

To ease the beginning of the pupils in 1st grade, their first day of school has been set later than that of the other pupils.

A sign with the abbreviation of the section (CS-DE-DA-EL-EN-FR-HU-IT) will indicate the meeting point for each language section.

#### **Begin of the first school day**

<b>Year</b>	<b>Beginning of classes</b>	<b>Meeting point</b>
P1	9:30	Playground of the Primary school
P2, P3, P4 & P5	8:40	Playground of the Primary school

#### **End of the first school day**

-------------	-----------------------------	----------------------

P1 - P2	12:50	Playground of the Primary school
P3 - P4 - P5	13:00	Playground of the Primary school

## **Secondary**

The school begins on (see school calendar).

On the first day of the new school year, all pupils (S1-S7) should be at school by 8:35 and wait outside the covered area of the Administration building.

The educational advisers, assistant deputy director for the secondary cycle and the principal class teachers will meet them there with a sign indicating the section and the class.

The teachers will accompany the pupils to their classrooms.

The first day is a normal school day for all the pupils.

Pupils will receive their timetables and other useful information.

During the first two days assemblies will be held for the secondary students according to the schedule. The principal class teachers will inform the students about the time and the date of the assembly for the respective year group.

At the end of a lesson, the bell rings once to indicate the start of the break. The following lesson begins at the second bell.

### **Free Afternoons in the Secondary School**

**Students must leave school when they have a free afternoon according to their schedule.**

However, the presence of certain pupils might be requested during an afternoon when they are normally free. This is particularly true for those following support courses, certain courses of religion, mother tongue for pupils without a language section and for pupil in sections where protected subjects exist, such as ancient Greek and the Other National Languages (ONL): Irish, Maltese.

Free afternoons for the Secondary cycle will be confirmed after the completion of the timetable.

- 1st year classes are free on Tuesday and Thursday from P6 to P9.
- 2nd year classes are free on Tuesday from P6 to P9.
- 3rd year classes are free on Tuesday from P6 to P9.
- 4th year classes are free on Tuesday from P6 to P9.
- 5th year classes are free on Tuesday from P6 to P9.
- 6<sup>th</sup> year classes are free on Tuesday after P7.
- 7<sup>th</sup> year classes are free on Tuesday after P7.

## **6. Internal rules for Secondary**

[Internal rules EN 2023-2024](#)

[Schulordnung DE 2023-2024](#)

[Règlement intérieur FR 2023-2024](#)

# 7. Internal rules for Primary

## 7.1. The 4 Golden Rules

- **Learn:** Be ready and prepared to do your best in all lessons
- **Show care:** Take care of personal or school property and the environment
- **Be safe:** Be in the right place at the right time
- **Respect:** Be polite, helpful and cooperative with all members of the school community

I remember to use these five words:

- Hello
- Goodbye
- Please
- Thank you
- Excuse me

## 7.2. Arrival at school

Between **8:15 and 8:40**.

## 7.3. Morning and afternoon breaks

- When it's time to return to class, I **always** wait for my teacher to pick me up.
- I **always** use the authorized stairs to go to the playground.
- I **always** go to the supervising teachers when I have a problem.
- I **always** ask permission from a supervising teacher to go to the nurse.
- I **only** use the toilets on the ground floor (through the front door).
- I **always** use soft balls when I play in the playground.
- When it's inside break, I have to do a quiet activity in the classroom.
- The use of phones and electronic games is prohibited in school. If I have one, it must be switched off and kept in my bag.

## 7.4. When I change my classroom (to go to Language 2, Religion / Morale, European Hours)

- I move calmly and walk.
- I use the authorized corridors.
- I respect the art work and the belongings of others, which are in the hallways.
- I am careful to be on time for class.

## 7.5. The exit of the classes

- If I take the bus, I wait for the teacher responsible for my dock, to accompany the group to the bus.
- If I have a card " I can leave alone", I can leave the school by myself. I must show my card to the guard at the exit.
- If my parents or another person picks me up, I must wait with my teacher or the supervising teachers.
- If I go to the CPE, I join my group calmly.

## 7.6. Consequences

**Any other unacceptable behaviour will be discussed with the class teacher, parents and the Director of our school.**

## 7.7. Behavior Policy

[Behavior Policy\\_EN](#)

[Behavior Policy\\_DE](#)

## **8. Absences**

### **8.1. Absence for health reasons**

When a child is unable to attend school because of illness, parents or the legal representative of the child is requested to:

**For primary school and Nursery:** inform the pedagogical secretariat before 9:00 (+352-273 224 - 3002)

After an absence of up to two days, the pupil must present a written excuse signed by the parents or legal representative indicating the reason for the absence. This excuse must be given to the class teacher before returning to class.

After an absence of three days or more, the student must present a medical certificate. This medical certificate must be given to the class teacher before returning to class.

**For secondary school:** inform the educational advisers before 10:00 (+352-273 224-4222) or by email at:

- MAM ABSENCES S1 [MAM-ABSENCES-S1@eursc.eu](mailto:MAM-ABSENCES-S1@eursc.eu)
- MAM ABSENCES S2 [MAM-ABSENCES-S2@eursc.eu](mailto:MAM-ABSENCES-S2@eursc.eu)
- MAM ABSENCES S3 [MAM-ABSENCES-S3@eursc.eu](mailto:MAM-ABSENCES-S3@eursc.eu)
- MAM ABSENCES S4 [MAM-ABSENCES-S4@eursc.eu](mailto:MAM-ABSENCES-S4@eursc.eu)
- MAM ABSENCES S5 [MAM-ABSENCES-S5@eursc.eu](mailto:MAM-ABSENCES-S5@eursc.eu)
- MAM ABSENCES S6 [MAM-ABSENCES-S6@eursc.eu](mailto:MAM-ABSENCES-S6@eursc.eu)
- MAM ABSENCES S7 [MAM-ABSENCES-S7@eursc.eu](mailto:MAM-ABSENCES-S7@eursc.eu)

After an absence of one or two days, the student must present a written excuse signed by the parents or legal representative indicating the reason for the absence.

After an absence of three days or more, the student must present a medical certificate.

For students under 18, the parents must send the excuse/medical certificate by e-mail to the educational advisor in charge of the level; or the student reaches the excuse/medical certificate to the advisors' office (A201) before returning to class (see internal rules of the secondary school).

### **8.2. Inability to attend the Physical Education lesson**

A pupil cannot be provided from attending gymnastics and swimming classes unless he/she provides a medical certificate accompanied by a written request from the parents to the Director. This dispensation allowed by the Management is limited to one term and is renewable upon production of a new certificate.

The school may ask the school doctor for his/her opinion.

### **8.3. Requests for permission to be absent from school**

The Director may give a child permission to be absent from school only in duly certified illness.

Such permission should be asked to the Director by the parents or the legal representative in writing at least 8 days in advance by using the specific form, available on the school website under "Useful documents": <http://www.eel2.eu/en/page/useful-documents>

It should clearly indicate the reasons for the request.

In exceptional cases, the Director may authorize an absence but for a period of 2 days maximum.

Parents' attention is particularly drawn to the fact that permission cannot be granted for additional free days preceding or following a holiday period; except for specific reasons expressed in the general rules (A problem of transport/flight tickets is not considered as an exceptional case).

In case of an absence during the week preceding or following a holiday period, a medical certificate will always be required even for one day.

A separate circular will be transmitted to parents of secondary students at the beginning of term regarding the rules for absences.

If a secondary student in years 4-7 is absent during a test or an exam, the student's parents or legal representatives shall inform the Director of the reasons for his/her absence, on the very day or the following day.

All medical certificate must be submitted or sent to the school before the end of the examination period.

# **9. Parent's participation**

## **9.1. Information evening and Parents/Teachers meetings**

### **A) Information evening**

At the beginning of the school year, an information evening will be organised for each class.

During this evening, parents will receive all the information on the functioning of the class and the work of their child as well as more general information about the School. It is also an opportunity to meet other parents (see school calendar).

### **B) Parent/teacher meetings**

During the school year, parent/teacher meetings will be organised to discuss their child's work. Communications with further details will be sent in due time.

Please also consult the "Parents/Teachers meetings" table on the school calendar.

## **9.2. Parents' participation**

### **A) School Party**

The Parents' Association, in cooperation with the School, organizes a party every year. This party is open to everyone and various cultural, social and sports activities are organized. A barbecue and stands serving national specialties provide food and refreshments for everyone.

### **B) Coffee Morning Networking (CoNoMe)**

The Coffee Morning Network is an initiative of parents who wish to meet several times a year in order to socialise, create a sense of belonging and help each other.

It usually takes place from 8.30 to 10.30 in the Studio, in the "Administration" building of the European School Luxembourg II in Bertrange. Admission is by invitation only. The calendar of meetings will be sent in September by SMS.

School speakers such as psychologists or counsellors, members of the Parents' Association APEEEL2, members of the school associations "Mots de Zaza" or "Actions Sans Frontières" and external speakers will come to present their activities or propose themes for joint reflection (e.g. Education, Respect, Harassment).

If you have an independent activity or if you want to start a project, you can come with your business cards and brochures.

For any further question, please contact the APEEEL2 ([office@apeeel2.lu](mailto:office@apeeel2.lu)): your message will be immediately transmitted to the organizers of the CoMoNe.

### **C) Class Representatives and Parents Association (APEEEL2 )**

Early in the year, each class will elect two parent representatives who will act as liaisons between the class and the administration. They will be able to communicate any needs or problems the class may have to the teachers and to the school.

The Parents' Association represents the needs of the greater parent community. It is actively involved in school life and is able to communicate any needs or concerns that affect the general school body, the school buildings, and the daily life of the school. More information can be found on their website: <http://www.apeeel2.lu/>

APEEEL2 also organizes extracurricular activities. More information about these activities can be found on the website: <https://periscolaire.apeeel2.lu>

## **D) Parents' Participation**

In addition to attending the scheduled meetings, parents are often invited to help the classes during specific events. This participation might include helping to chaperone field trips, helping with class parties or other events, accompanying the children to the library, or, starting in M2, accompanying the children to swim class. Teachers also rely on the goodwill of the parents to help foster a smoothly running classroom and a positive class atmosphere.

## **E) Library**

The Nursery Library contains books and materials for all the Nursery language sections while the Primary Library contains books and materials for all the Primary language sections. Classroom teachers work with the librarians to keep families informed about how to use and take advantage of these resources.

Running the libraries would not be possible without the assistance of parent volunteers and their association «Les Mots de Zaza». The school sends out an urgent call to all parents who have some free time and would like to help by joining the volunteer association. The school librarians (who work only half-time) would be happy to help put any interested parents in touch with the «Les Mots de Zaza» association.

## **9.3. Parent's Financial Contribution**

**Class Funds:** The school allocates funds each year for the purchase of small school supplies and educational materials.

Periodically throughout the year, the Nursery and Primary Classes may organize school activities that would require additional financial participation from the families. Instead of collecting money for each occasion, the families may decide to organize a class fund. This fund would be managed by a class treasurer to be chosen at the first school meeting. During that meeting, parents could also decide the amount each family would be asked to contribute based on suggestions from the teachers. Teachers would not have direct access to the class fund but would rely on the class parents and treasurer to decide on how the money should be spent.

Invoices sent to parents during the school year are not covered by the class office.

## 10.1. Homework

### A) Primary school

Homework can take several forms. It is necessary to consider the capability of the children and their level of learning. The teachers will determine the homework according to their pupils.

4th and 5th grades represent a significant stage in progress through the secondary cycle in experience and knowledge and consequently homework will become more regular and targeted.

It is important to underline that each linguistic section has specific characteristics and particularities, being part of the educational tradition of each country. Therefore, it is impossible to determine a valid rule for all the classes and all linguistic sections.

Teachers do not systematically mark homework as personal research and educational background can vary from one family to another.

Nevertheless, homework assignments are always corrected.

Please find more information about the linguistic sections on the School's website.

### B) Secondary school

As guideline, the following figures represent the maximum time per week for an average pupil:

Grade	S1	S2	S3	S4	S5	S6	S7
Hours	7/8	8/9	9/10	12/13	13/14	16	16

If it appears that these figures are not realistic for a certain class or group of pupils, these cases must be examined individually.

Homework should be assigned as early as possible and the deadline should be fixed together with the pupils. Homework given for the following day should not exceed 15 minutes.

At school begin, the teachers of each subject agreed on the application of a common policy of homework. This policy will be evaluated at the end of the school year and, where appropriate, adapted.

The schedule of A and B tests from S1 to S5 is communicated at the beginning of the school year in SMS (School Management System). A maximum of 3 tests per week is allowed in principle.

## 10.2. School reports

**Reports will be distributed on the following dates** (see School calendar, point 2 of the Memorandum)

Primary School	Report's distribution date
First non-official report	November
First report	February
Second Report	July

During the parent/teacher evenings at the beginning of the school year, the teachers responsible for the class and the LII teachers explain the system of the school report in terms of skills and strategies used for the evaluations and review the cross-curricular skills.

School report evaluation is therefore not a way of classifying the children (based on the skill to reproduce the acquired knowledge), but it concerns the way they use their knowledge and how they apply it to their individual work (application of the skills).

In November, the parents will meet individually with the class teacher to discuss the child's progress in their work, cross-curricular and social skills. The list of the skills serves as a guide for this meeting. If serious problems are raised, it is recommended that they should be discussed with the class teachers and with the Deputy- Director.

A first written report is sent to the parents in February through our ICT data exchange platform (Student Management System SMS, My School). This report has already been discussed with the pupil. It contains a complete list of the cross-curricular skills and the specific skills for every subject. The teachers also record on the school report their individual remarks.

In April or May, the primary school will inform the parents by registered letter if there is a risk that the child will repeat the school year. At this point, it is still possible to try to remedy the situation. This letter does not establish a definitive decision but aims at informing the parents of the concrete risk of repeating.

At the end of the year, the same skills are revised during the class council to evaluate the progress of the pupil. A final page summarizes all the information, with an explanation on the decision of the class council for the following school year. The final report is made available to parents through our platform SMS.

It is important that each family maintains a correct and current email address for their account on our platform «My School».

At Ssecondary Ccycle (see School calendar, point 2 of the Memorandum)

Secondary School		
Years		Date of distribution of reports
1, 2, 3	First intermediate report	End of October
	1st semester report	End of January
	Second intermediate report	April
	2nd semester report	June
Years		Date of distribution of reports
4, 5, 6	First intermediate report	End of October

	Second intermediate report	April
	2nd semester report	Early July
Years		Date of distribution of reports
7	First intermediate report	End of October
	1st semester report	February
	2nd semester report - Preliminary mark	May

Secondary School has a two-semester calendar and we issue 2 half-term reports (October/November and March/April) and 2 semester reports (January and June/July).

### **October/November:**

The half-term report contains comments and grades (in years 1-3) whole and half numerical marks (years 4-6) for every subject. It may also contain an overall comment by the class teacher.

### **January:**

First semester report. It contains grades (years 1-3) or numerical marks (years 4-6) and comments on every subject. It can also contain an overall comment by the Class Council or the Class teacher.

This report may be accompanied by a warning letter indicating the possible risk of failing the year. The fact that a warning letter is not received is not in itself a guarantee of promotion to the year above, nor a procedural irregularity within the framework of the deliberations concerning promotion to a higher class. When the pupils' legal representatives receive a warning letter about the risk of failing, they are required to provide spontaneously any information in their possession liable to have an influence on the forthcoming Class Council's deliberations.

### **March/April:**

The half-term report contains comments and grades (years 1-3) or numerical marks (years 4-6) for every subject.

This report may be accompanied by a warning letter indicating the possible risk of failing the year. The fact that a warning letter is not received is not in itself a guarantee of promotion to the year above, nor a procedural irregularity within the framework of the deliberations concerning promotion to a higher class. When the pupils' legal representatives receive a warning letter about the risk of failing, they are required to provide spontaneously any information in their possession liable to have an influence on the forthcoming Class Council's deliberations.

### **June/July:**

End-of-year report. It contains the grades (years 1-3) or the numerical marks (years 4-6) of the second semester and the final mark accompanied of a comment for every subject. It also contains the Class Council's decision on promotion.

### **Rules concerning the scripts of the semester examinations:**

S4

The examinations of the 1st and 2nd semesters are returned to the legal representatives through the pupils.

S5

The examinations of the 1st semester are returned to the legal representatives through the pupils. The harmonized examinations of the 2nd semester are kept by the school for archiving.

S6

The examinations of the 1st and 2nd semesters are kept by the school for archiving.

In general, examinations and tests counting for the B mark may be viewed by the pupils' legal representatives during an appointment with the teacher concerned. In order to see the results of their examinations in S6, teachers arrange a class for the pupils two weeks before the class council.

The pupils' legal representatives have the opportunity to view the S5-S6 archived examinations in presence of the assistant deputy director for the secondary school on (please refer to school calendar) 10.00 and 12.00 O'clock in room A-202.

Article 6.4.10 Viewing of the European Baccalaureate scripts after marking of the Arrangements for Implementing the regulations for the European Baccalaureate.

The candidates or their legal representatives, if they are minors, have the right to view and get a copy of:

- Their original script
- The final mark awarded to the examination script (average of first and second corrector mark and, where applicable, third corrector mark)
- The mark awarded by each one of the correctors (first corrector mark, second corrector mark and, where applicable, third corrector mark)
- The correctors' commentaries
- The examination paper
- The marking scheme

The request must be made in writing to the Director of the School not later than 4 calendar days after the candidate has been informed of the examination results, communicated in accordance with article 7.3.

The Director will make all documents available not later than 3 calendar days after receipt of the request.

A belated request for the viewing of the examination papers will be inadmissible.

At the European School Luxembourg II, examination scripts may be viewed in the presence of a assistant deputy director or an educational adviser on (please refer to school calendar) between 10.00 and 12.00 0'clock in room A-202.

# **11. Communication school-parents**

## **11.1. Nursery and primary cycles**

Parents may contact:

- The classroom teacher and the secretary for any concerns about absences.
- The secretary for any concerns about student arrival and dismissal.
- The general coordinator for any concerns about accompaniment and supervision of students to and from school transport.
- The nurses for any concerns about student health.
- The classroom teacher and/or the support coordinator and/or the school psychologist for any concerns about learning, academic support, and school life.
- The classroom teacher and the KiVa coordinator for any concerns about discipline or the well-being of the students.
- Parents may contact the Deputy Directors of the Nursery and Primary School or the Director of the School in cases where the problem cannot be solved.

### 1. Role of the Students (Primary)

- Taking care of their own school materials and belongings.
- Following school rules.
- Going to the teacher with any questions or problems.
- Completing and turning in homework on time.
- Showing parents their notebooks and diary.
- Notifying a teacher or a school authority about any problems on the playground.

### 2. Role of the Parents (Nursery and Primary)

- Checking the students' notebooks and class diary every day.
- Signing the class diary, notebooks, and any tests or evaluations if asked.
- Notifying the school if a child has related at home an incident that concerns the wellbeing of the students.
- Notifying the nurses of any changes in the health or in the specialized health routines of the students.
- Systematically inquire about the school's website.
- Communicating with the classroom teachers and/or coordinators using:
  - the student diary,
  - an email to the concerned parties and a request for a meeting,
  - a meeting with the teachers or coordinators.

Please respect the teachers' working hours. The periods just before and just after class may not always be the best times for in-depth discussions. An arranged meeting allows for more productive discussion of such issues.

### 3. Role of the Teachers (Nursery and Primary)

- Communicating regularly with school colleagues and parents about any issues concerning the class or the students.
- Discussing any questions or problems directly with the concerned student.
- Contacting the parents if the questions or problems cannot be resolved. Communication may take place through email, writing in the student diary, or setting up a meeting.
- Informing parents of student results and progress as well as any incomplete homework.

### 4. Role of the coordinators (Nursery and Primary)

**General Coordinator organizes and follows up on:**

- Supervision during school hours.
- Accompaniment and supervision of students to and from school transport.
- Organization of school schedules and timetables.

**Academic Support Coordinator organizes and follows up on:**

- Files and paperwork concerning academic help and support.
- Meetings with families and with appropriate consultants.
- Tripartite contracts involving the school, families, and external consultants.

**KiVa Coordinator organizes and follows up on:**

- Files and paperwork concerning the well-being of the students.
- General problems faced by students.
- Behavioral or social issues faced by the students.
- School strategies to help ensure the well-being of the students.

## 11.2. Secondary cycle

**Parents can contact:**

- The assistant deputy director or the educational adviser of the year regarding absences or disciplinary problems.
- The teacher for any problem related to discipline or learning process
- The assistant deputy director, the educational adviser of the year concerned, the principal class teacher or any other teacher for any socializing or integration problem in the class/group
- Curriculum Coordinator and Co-Curriculum coordinator for any question relating to enrolment and option choices
- The career adviser of the language section regarding any question related to career guidance.

Parents may contact the Deputy Director of the Secondary School or the Director of the school only in cases where the problem could not be solved previously.

1. Role of the pupils

- Preparing homework
- Being active in lessons
- Handing in assignments
- Asking a teacher in case of any problem/question
- Consulting the SMS daily
- Showing parents tests
- Contacting the School by using **ONLY** the School's email address  
[firstname.lastname@student.eursc.eu](mailto:firstname.lastname@student.eursc.eu) Private emails will be discarded.

2. Role of the parents

- Following up on pupils' homework at home
- Signing tests (if asked)
- Contacting the school with any question or issue by informing school/counsellors/teachers through:
  - Writing message/question in agenda
  - Sending mail to the person concerned within the school asking for an appointment
  - Meeting with teachers to discuss their questions/issues
  - Consulting the child's SMS account at regular intervals

Please respect teachers' working hours.

### 3. Role of the school management

- Informing parents via the reports 4 times a year (2 term reports and 2 half-term reports)
- Arranging parents/teachers' evenings

### 4. Role of the advisers

- Sending absences to the parents by mail every month (SMS)
- Being the contact person for any discipline or well-being issues regarding the pupils of the respective year.
- Finding solutions for any issue regarding the pupil of the respective year in collaboration of other members of the School staff.
- Assisting in meetings between teachers and parents (on request from a teacher)

### 5. Role of the class teacher

Ensuring the well-being of each pupil-in the case of a problem: get the pupil on the right track by:

- Talking to the pupil discussing the issues
- Getting in contact with the parents if the above doesn't help
- Preparing the Class councils and following up the decisions made
- Collaborating with colleagues, advisers, coordinators and if needed: the management

### 6. Role of each teacher

- In case of a problem/issue: Discussing with pupils and if there is no improvement: informing parents using email, the agenda or setting up a meeting regarding the under-achieving of the child (cooperation between the principal class teacher and the subject teachers is required).
- Entering the information into SMS according to the School's policy.
- Informing the parents about any marks/grades, homework, material covered in the class.
- Regarding the test results:
  - S1-S3: tests given to the pupils for the parents to keep (teachers can ask to see them signed)
  - S4 exams (sem. 1 & 2): exams given to the pupils for the parents to keep
  - S5 exams (sem.1): exams given to the pupils for the parents to keep whereas semester 2 exams are kept at school
  - S6-S7: exams (sem. 1 & 2) are kept at school.
- Informing parents in case a pupil does not complete his homework.

### 7. Role of Curriculum Coordinator towards parents

- Informing the parents about the possible option choices for the respective year.
- Distributing and collecting option choice forms.
- Holding meetings on option choices with the Management.
- Meeting parents and pupils to help them in the choice of courses

**All confidential documentation is treated and filed according to the European School Luxembourg II Privacy Statement (2018-06-D-21-en-3)**

**Appeals can be made according to the General Rules of the European Schools ( [2014-03-D-14-en-8](#)).**

## **12.1. School Philosophy**

The European School is a multilingual and multicultural environment in which the primacy of a child's mother tongue is safeguarded wherever possible.

The European School offers a single type of general academic education, in which learning conditions become increasingly demanding. This single academic pathway, involving highly cognitive and abstract learning, leads to the award of the European Baccalaureate diploma.

Different forms and levels of support are provided, designed to ensure appropriate help for pupils having special educational needs or experiencing difficulties at any point in their schooling in order to allow them to develop and progress according to their potential and to be successfully integrated.

The School believes that where parents are involved in their children's education and work in partnership with the school, children achieve and thrive more. Communication between

the school and the pupil's legal representatives should be open and regular.

This communication is organised in accordance with Article 24 of the General Rules of the European Schools 1. It is essential that parents inform the school of any issues which could affect their child's learning progress.

Decisions concerning support are made in the best interest of the child.

## **12.2. Differentiation**

Differentiation is the planning and execution of teaching and learning for all children in all classes which take account of individual differences in learning style, interest, motivation and aptitude, and reflecting these differences in the classroom.

Differentiation forms the basis of effective teaching. It is essential for all pupils, including those pupils requiring support. Differentiated teaching aimed at meeting all the pupils' needs is the responsibility of every teacher working in the European Schools and must be common classroom practice.

Differentiated teaching ensures that in planning and delivering lessons, teachers are aware of and take into consideration the different learning styles and individual needs of all pupils. (See Article 24 of the General Rules of the European Schools -2014-3-D -14 -) <http://www.eursc.eu/getfile/278/22012-05-D-14-en-94>

This includes meeting the needs of:

- pupils with different learning styles;
- pupils studying in a language section which does not correspond to their mother tongue;
- pupils arriving in the system at a later stage who have followed a different curriculum and/or whose knowledge and skills show possible gaps;

- pupils with a mild learning difficulty;
- pupils with a diagnosed special educational need
- gifted and talented pupils

## 12.3. Types of support

Where normal differentiation in the classroom is not enough, school can provide other types of support :

- General Support,
- Moderate Support,
- Intensive Support (A and B) and/or special arrangements.

Support is flexible and varies as a pupil develops and his/her needs change.

### **General and Moderate support:**

- **General Support** is for any pupil who, at some point in their schooling, needs support or may experience difficulty in a particular aspect of a subject, may need to 'catch up' due to late arrival in school or illness or may be working in their non-mother tongue. Pupils may need additional help with acquiring effective learning strategies or study skills.
- **Moderate Support** is an extension of General Support and is provided to pupils with a mild learning difficulty or in need of more targeted support. This could be appropriate for pupils who may be experiencing considerable difficulty in accessing the curriculum due to, for example, language issues, concentration problems or other reasons. It is provided for a longer period than General Support.

### **Procedures:**

- Teachers request General or Moderate Support for their pupils. Parents or legal representatives can discuss with the subject teacher if they think support is needed.
- Support classes may be requested at any time during the school year.
- Applications must be submitted using a special form that is distributed to all teachers by mail and is available in the teacher's room or in Office 365 (shared documents). This form must be submitted to the Support Coordinator (SupCo).
- The Administration of the school will decide when support is necessary. The teacher will inform parents that support has been decided for their child. Parents can accept or reject this support, but in all cases the form must be returned to the school with the parents' signature.
- The Support Coordinator will create support groups. Under exceptional circumstances, general and moderate support can be offered to a pupil on a one-to-one basis.
- Groups are organized vertically, horizontally, within or across sections, by focusing on the needs of the pupils concerned.
- Once a pupil has been admitted to a support course, the pupil is required to follow the course regularly. If a pupil refuses this course or if s/he disrupts the course by his/her behaviour, the SupCo must be notified and the pupil may be excluded from the support course.
- The General Support Teacher prepares the Group Learning Plan (GLP) with the subject / classroom teacher who details the group's work and incorporates objectives and success criteria for the group. This Plan is available from the SupCo and is sent to parents.
- The moderate support teacher and the subject teacher make the Individual Learning Plan (ILP) (which is available from the SupCo and sent to the parents for each pupil) in consultation with the teacher of the subject / class. The ILP should be reviewed regularly. It includes specific learning objectives and criteria for evaluating a pupil's progress and the success of the support.
- Parents are informed about the evaluation in the end of the support period or in the end of Semesters.

## **Intensive support A and B**

### **Definitions:**

- **Intensive Support A (ISA)** is provided following an expert's assessment of the pupil's special individual needs and the signing of an agreement between the Director and the parents. Intensive Support A is provided for pupils with specific educational needs: learning, emotional, behavioural or physical needs.
- **Intensive Support B (ISB):** In exceptional circumstances, and on a short-term basis only, a Director may decide to provide Intensive Support for a pupil without special educational needs, for example in the form of intensive language support for a pupil who is unable to access the curriculum.

For the secondary, a pupil's absence from other lessons while receiving educational support should be restricted as far as feasibly possible to exceptional cases.

### **Procedures**

*For pupils whose needs are best described using description A:*

- The needs of Intensive support can be detected already at the enrolment or during the year, either by a teacher or by the legal representatives.
- A written request is sent to the SupCo by a teacher or the legal representatives including a report from a specialist. The criterias for the medical/psychological/psycho-educational/multidisciplinary report are:
  - • Be legible, on headed paper, signed and dated
  - • State the title, name and professional credentials of the expert(s) who has/have undertaken the evaluation and diagnosis of the pupil
  - • Through medical/psychological/psycho-educational or multidisciplinary report, state specifically the nature of the pupil's medical and/or psychological needs and the tests or techniques used to arrive at the diagnosis
  - • Report for learning disorders need to describe the pupil's strengths and difficulties (cognitive assessment) and their impact on learning (educational evidence) and the tests or techniques used to arrive at the diagnosis.
  - • Report for medical/psychological issues need to specify the pupil's medical/psychological needs and their impact on learning (educational evidence).
  - • All reports need a summary or conclusion and stating the accommodations required as well as where appropriate, recommendations for teaching/learning for the school's consideration.
  - • This documentation must be regularly updated and not be more than two years old. In case of permanent and unchanging disability and when the Support Advisory Group agrees, no retesting other than regular updates will be required.
  - • In order to avoid possible conflict of interests, the expert assessing pupils will be neither an employee of the European School nor a relative of the pupil.
  - • If not written in one of the working languages, be accompanied by a translation into French, English or German
- 
- The SupCo contacts the parents to arrange an Advisory Group Meeting. The Advisory Group meets to discuss how to help the pupil in the best possible way and advises the director on the arrangements to be made.
- People present at the Advisory Group Meeting: Head or his/her delegate, Support Coordinator, L1 teacher, form teacher and the pupil's parents. Other teachers and the psychologist or other specialists can be invited as well.
- The support coordinator is in charge of preparing the Intensive Support agreement, which should be signed by the Head of the school and the legal representatives.
- The ILP must be established by the support teacher(s) in consultation with the subject teacher and/or the support coordinator.
- The legal representatives of the pupil are informed of their child's progress at the end of each semester.
- The Intensive Support agreement is only applicable for one school year and an Advisory Group Meeting will be organized to arrange a follow up and evaluate the intensive support.
- An Advisory Group Meeting can be held any time during the school year if needed. The Intensive Support agreement can also be adapted during the school year if needed.

- When the school is not able to provide adequate education to a pupil, the whole pedagogical team, parents and the school management seek and propose alternatives more adapted to the needs of the pupils.

For pupils whose needs are best described using description B :

- Teachers or pupil's legal representatives request short-term Intensive Support B for the pupil in writing to the support coordinator.
- The pupil's legal representatives are informed that this support has been recommended for their child.
- The Director and pupil's legal representatives sign an agreement stating the reasons, nature and length of the Intensive Support to be given.
- The support coordinator creates small groups or organizes individual support, in or outside the classroom, depending on the pupil's needs and the availability of teachers.
- Groups are organized vertically, horizontally, within or across sections, by focusing on the needs of the pupils concerned.
- The support teachers write an ILP for each pupil in cooperation with the subject teacher. This should be evaluated in the end of each semester or trimester.
- The ILP includes specific learning objectives and criteria for evaluating the pupils' progress and the success of the support.
- Pupils' legal representatives are informed of their child's progress in Intensive Support B at the end of each semester.

SWALS Students (Students without a Language Section) enrolled in the other sections (EN, FR, DE) can receive additional help if necessary in case of weaknesses in language 2.

Students diagnosed being High Potential can also receive support. A big part of the support is given during lessons through the differentiation done by the teachers. If needed it is also possible to set up tailor-made support according to the specific needs of the students.

## **12.4. Collaboration with external experts**

As a school we collaborate closely with external experts – within Luxembourg as well as within the national systems of our member states. The collaboration is flexible and according to the needs.

There might be pupils whose development and learning needs require support given by paramedical auxiliary staff (essentially speech therapists and psychomotor therapists). The provision is based on a tripartite agreement.

The school's role when drawing up a tripartite agreement is to make a suitable room available to the pupil and the professional whose services are used, to agree on a timetable and to take account of class activities. Before starting the collaboration, a request is made by parents to the Support Coordinator and a tripartite agreement is drawn-up in collaboration between parents, external expert and school. This is signed and kept by all three parts.

Paramedical auxiliary staff working on a tripartite agreement is self-employed and paid directly by the parents.

## **12.5. Inscription policy for students with special**

## educational needs

The European School accepts pupils with special educational needs, subject to the following procedure:

- In the inscription form a detailed part to be fulfilled by parents is devoted to the description of pupil's special needs and the support the pupil is currently benefitting from.
- An Advisory Group (Support Coordinator, School Psychologist and Deputy Director), on the basis on the documents provided by the family and any further professional evidence which may be required, evaluates the ability of the school to meet the pupil's needs. It determines the framework and conditions of any individualised teaching/learning. The Advisory Group may recommend an observation period or provisional admission.
- It is the school Director, on the recommendations of the Advisory Group, who decides whether or not the school is able to provide the appropriate educational and social environment for the pupil.

### 12.6. Early identification

In order to help the pupils in the best possible way, it is important to identify the eventual special educational needs. This detection is done throughout the whole school career and involves several actors: parents, teachers, support coordinator, school psychologist and external experts through:

- Teachers', school psychologists and support coordinator's' observation in the class
- Meeting between parents, teachers and the support coordinator
- School reports and analyse of pupil's progress
- Class Councils
- Collaboration with external experts

This process requires an open and continuous collaboration between parents and school (and possible external experts).

### 12.7. Transitions

#### A) Transition from Nursery to Primary

Each language section organizes two "Transition" days for all MA2 pupils: a P1 visit from the M2 children and a visit to the Mat by the P1 children before the end of the year. Special visits can be organized for pupils with special needs.

For the children of M2 receiving intensive support A, the support coordinator of the primary / nursery cycle organises, at the end of the school year, an Advisory Group specifically dedicated to the planning of the transition to the primary cycle.

#### B) Transition from Primary to Secondary

The school organizes a transition day for all P5 pupils. Special visits/arrangements can be arranged for pupils with special needs.

Transition meetings for P5 and S1 teachers take place before and at the beginning of the school year.

There is a close collaboration between the support coordinator of Nursery/Primary and the support coordinator of Secondary. The support coordinator of Primary organizes at the end of the school year the Advisory Group Meeting for pupils in P5 receiving Intensive Support A. At these meetings the transition is discussed among the colleagues, parents and support coordinators from both cycles. For ISA pupils, another follow-up Advisory Group meeting is organized in October/November when the pupil enters S1.

The support coordinator from Secondary attends the Class Councils for P5 at the end of the school year.

#### C) Transition to another school

If at one point it is agreed that a student would benefit more from another schooling than the schooling we can offer in the European Schools, meetings will be set up with parents and relevant people from school in order to find a good solution for the student.

The school will do its utmost to help and guide the family concerning possibilities either in Luxembourg or in another country.

## 12.8. Assessment and promotion

### *Principles for assessment and promotion*

For the assessment and promotion of pupils receiving educational support but following a complete curriculum according to full requirements, the provisions in Chapter IX of the General Rules of the European Schools will apply.

If the curriculum and/or syllabus are modified to meet the needs of the pupil (Who did not follow the curriculum provided in the Syllabus of the European Schools), he or she may not be promoted in the usual way. The pupil may accompany his or her class, as long as this is beneficial to the pupil's social and academic development.

It is possible for pupils to return to the full curriculum if all requirements for promotion are fulfilled. Before re-enrolment in the standard curriculum, the pupil must perform at the same level as any other pupil.

S5 Pupils must follow the full curriculum and fulfil the same criteria as all pupils in order to be promoted to S6.

If a pupil's curriculum is adapted in S6, it is not possible to resume the standard curriculum either during S6 or between S6 and S7. Any pupil entering for the European Baccalaureate must have completed the full curriculum (General Rules, Chapter IV).

For some pupils the academic demands of the European Schools are not appropriate, and they may be required to leave in order to continue with a different type of schooling. The School collaborates with the parents to find the best possible solution for the future schooling of the student.

The school will issue a certificate describing the subjects followed, the hours completed and the level of the pupil's attainment in the child's best interest.

## 12.9. European Baccalaureate

The European Schools believe that all pupils should be allowed to demonstrate their ability under assessment conditions that are as fair as possible. Where standard assessment conditions could place a candidate particularly those with special educational needs at a disadvantage, preventing them from demonstrating their level of attainment, special arrangements for written and/or oral examinations may be requested and authorized (see document 2012-05-D-15-en-8). This authorization must be requested **by October 15th when the pupil is in S5**. These arrangements are not intended to compensate for any lack of knowledge or ability.

## 12.10. DISCIPLINE AND WELL-BEING

## 12.11. Peer mediation

This is a process where volunteer pupils facilitate resolving interpersonal problems of other pupils within the school community in a climate of neutrality and confidence.

The aim of the process is:

- To lead discussions towards a win-win resolution for both sides to avoid further trouble;
- To help pupils modify and improve their handling of situations of conflict in a nonviolent manner. In this way, their own self-esteem will grow, as will their listening skills and ability to handle difficult situations.
- To improve the overall climate in school and to reduce disciplinary actions and disputes within school.
- The positive outcome for teachers is to have more time available for teaching.

Peer mediation is led by about 35 pupils of years S4-S6 who followed a comprehensive training program and received a mediator's diploma.

The pupils are supported by a team of enthusiastic teachers and coaches having followed part of the

training of M.E.N.J.E. - S.C.R.I.P.T of Luxembourg for mediation projects by peers in Luxembourgish schools. The reference persons are Mr Nestoras, Mrs Le Goaller and Mrs Pomar.

## 12.12. KiVa program

KiVa is an innovative school-based anti-bullying program which has been developed at the University of Turku in Finland. It is a tool our school uses to raise the awareness of our students to be respectful, to show empathy towards peers, to know more about themselves ... In this way school tries to create a safe environment through their whole school career.

### **The main components of KiVa**

KiVa includes both universal and indicated actions, intended to prevent the phenomenon and to treat the cases of bullying in our school.

The universal actions, such as the KiVa curriculum (student lessons), are directed at all students and focus mainly on preventing bullying. The students of year 1 continue with the lessons which started already in Primary (unit 2) and the students of year 3 start with the lessons dedicated to secondary (unit 3). They consist of a number of initiatives which influence the norms of groups, teach children how to behave constructively/responsibly, refrain from encouraging bullying and help possible victims.

The indicated actions take place when bullying has come to the attention of school personnel. Each particular case is handled in a series of individual and group discussions between the school's KiVa team and the students involved. Several peers of the victim are challenged to provide support for the victimized classmate. The aim is to put an end to bullying.

The KiVa team doesn't accuse or punish anyone but helps to develop empathy and positive solutions. KiVa is not meant to be a one-year project, but a permanent part of the school's anti-bullying work.

### **You can contact the KiVa team:**

**Secondary:** [MAM-KIVATEAM-SEC@eursc.eu](mailto:MAM-KIVATEAM-SEC@eursc.eu)

More information on the program can be found in <http://www.kivaprogram.net/parents/> and <http://www.kivaprogram.net>

# **13. Choice of subjects**

## **13.1. Enrolment period for the new school year**

The enrolment period for the new school year will start in April/May (see school calendar).

If your children are already enrolled in our school, it is not necessary to fill in a new registration form.

In case of a category change, please contact the pedagogical secretariat.

## **13.2. Choice of subject's in the Primary cycle**

### **Choice of the second language**

At the European School, a child must take courses in a second language as from the year 1 in Primary in the form of one lesson a day. This second language will accompany the pupil through the schooling until the Baccalaureate. This language will be the teaching language for the courses of human sciences, history, geography and economy in the years 3, 4 and 5 of the Secondary School. A change in the choice of the second language is normally not allowed except on entry to year 6 of the Secondary School.

For further information, please refer to the General Rules of the European Schools.

The second languages (vehicular languages) taught are: **ENGLISH - FRENCH - GERMAN**

If the child is in the:

- **German section:** the available choices are English or French (except for SWALS)
- **English section:** the available choices are French or German (except for SWALS)
- **French section:** the available choices are English or German (except for SWALS)
- **Danish section:** the available choices are English, French or German
- **Greek section:** the available choices are English, French or German
- **Italian section:** the available choices are English, French or German
- **Czech section:** the available choices are English, French or German
- **Hungarian section:** the available choices are English, French or German

The children with Croatian, Slovak, Slovene and Romanian nationality are considered as students without language section (SWALS) and they are enrolled in the French, English or German section. The language of the section chosen is the pupil's second language.

The school organizes mother tongue courses for all SWALS pupils provided that a duly qualified teacher is available, or that the school can recruit one. These courses take place during the L2 time and are compulsory.

### **Before taking a decision, please read carefully the following points:**

The General Rules do not foresee a change of the second language, whatever the reason.

Normally, no changes are envisaged in language choices. Should a change of a language at any age or level be requested, the decision lies with the Director and is subject to the following conditions:

- The existence of a duly justified written request from the parents/guardians
- An unanimous deliberation and judgement by the class council on the request.
- A clear proof established by the School of the pupil's ability to follow the requested course.
- The absence of administrative obstacles related to the change requested.
- The applicant will be notified of the decision and the reasons for it. Otherwise a language test can be requested by the School.

We recommend avoiding choosing a second language that would actually be the child's 3rd language (additional work, interference between the 3 languages, possible psychological effects).

The choice of the second language has a main impact on the child's education throughout the schooling and becomes the vehicular language of certain subjects in the secondary cycle.

## Choice of religion or non-denominational moral classes

All the children of the European School are obliged to follow religion or non-denominational Moral classes organized by the school. In our school the possible options for religious instruction are:

- Catholic
- Protestant
- Orthodox

*(Other options could be available if pupil numbers suffice and according to the rules of groups as described by the General regulations of the European Schools.)*

These choices are not always available in all language sections. These options could be also be taught in the vehicular language of the pupils from the level P3.

A request to change from one religion or ethics class to another must be highly motivated and addressed to the Direction of the school by April 30<sup>th</sup> for the following school year.

No change will be accepted after this date.

For the P3-4-5 classes in the Czech and Hungarian sections, religion and moral courses are taught in the pupils' second language.

## 13.3. Subject choices 1st, 2nd, 3rd year in secondary cycle

This is a very brief guide and should not be regarded as definitive. In case of any doubt, the school will always apply the General rules of the European Schools.

**All choices must be made by the end of January of the preceding school year. Please note the deadline on the choice form for your child's class. It can be different from year to year.**

### Year 1

There is one new choice: L3 (DE, EN, FR, ES, IT) 2 periods. The choice is made in Primary 5 for S1. L3 in S1 is a beginners' course. The third language must be continued to the end of year 5 and can be taken to the Baccalaureate level in case there is a sufficient number (5) of pupils who choose it. (NB!. This is often the last possibility to choose a course in English).

The following choices may be modified: religion/ethics, ONL, Irish (Irish nationals in the English Section only), ONL Maltese (Maltese nationals in the English section only).

ONL = Other National Language for categories I and II

### Year 2

Upon entry into S2, pupils will be able to choose a Latin option of 2 periods a week. If this option is chosen it shall be kept up to the end of the cycle that is until the end of S3. This option is not compulsory. For creating a course, a minimum of 7 pupils is required.

For those students, who will not choose Latin in S2, an ICT option of 2 periods will be available in S3. The ICT option is not compulsory either.

Your child may choose neither Latin nor ICT if so wished.

To drop Latin and choose ICT in S3 is **not possible**. It is **not possible** either to choose Latin and ICT at the same time in S3.

NB! As from S4, pupils who have chosen Latin in S2 and S3 will have a choice to continue with Latin as a 4-period option for the pre-orientation cycle, i.e. S4 and S5. Having studied the course in year 4 and 5 the pupils can sit the "Latinum Europaeum" exam at our school at the end of S5.

Opening of the Latin course in S4 depends on the number of pupils who will choose the course in S4.

Greek pupils in the Greek section can choose an extra course in Ancient Greek, which is guaranteed until the end of year 5.

The only courses that can be modified are religion/ethics and the complementary courses of Irish and Maltese.

### Year 3

- Latin as a 2-period option course chosen in S2 will continue in S3 and will be kept until the end of S3. It is possible to choose ICT as a 2-period option in S3 only in case your child has not chosen Latin in S2.

The continuity of the course in the older years above is guaranteed provided that enough pupils have chosen the course. This option is not compulsory.

- Drop Latin and choose ICT in S3 is not possible. It is not possible to choose Latin and ICT at the same time.

**NB!** All pupils will be able to choose ICT as an option in S4, irrespective of their choice of Latin.

- Music and Art are compulsory courses until the end of S3.

They may be chosen as options in year 4, or even year 6, without having been studied in year 3 provided the pupil can demonstrate enough knowledge of the topic.

The only courses that can be modified are religion/ethics and the complementary courses of Irish and Maltese.

The Religion/Ethics and Human Sciences courses are taught in L2.

## 13.4. Subject choices 4th, 5th year in secondary cycle

An information evening is organized for parents and a detailed information booklet is distributed. Mathematics can be chosen at the 4 or 6 period level. This choice may well affect later choices (math and sciences in the 6th year, university courses....).

With the agreement of the Director and the class council it is possible to drop from 6 to 4 period Mathematics before the end of the first semester of year 4 or at the end of the 4th year only. A passage from Math 4 to Math 6 is only possible in exceptional cases, subject to passing a level test.

The following optional courses can be chosen: Latin, Greek (beginners), Economics (in language 2), Language 4 (beginners, any official language of the European Union depending on the availability of a teacher), Art, Music, and ICT. (These last three subjects if possible in LII). The courses of religion and moral are taught in L2.

For pupils of Irish or Maltese nationality, an ONL course in Irish or Maltese can replace the option of L 4.

**The optional subject courses, except ONL, are opened only if a sufficient number of pupils opt for them (normally 7) however they might not be guaranteed beyond year 5 in case the number of pupils is not sufficient to open the courses (5 pupils) in year 6.**

The total number of periods studied must lie between 31 and 35 (if Math 4 chosen) or 33 and 35 (if Math 6 chosen). In exceptional cases, more than 35 periods might be allowed by the Management.

**Apart from the change in Mathematics mentioned above or possibly a change of religion/ethics, a change of subjects is not allowed either during the 4th and 5th year, or between the two years.**

## 13.5. Subject choices 6th, 7th year in secondary cycle

At this stage, the choice becomes complicated and meetings are organized separately for pupils and

parents. Moreover, S5 pupils receive a booklet through SMS with detailed information at the end of December. It is not possible to give a comprehensive description of the curriculum, but there are a few hints.

Subjects are grouped into categories: compulsory, optional, advanced and complementary.

The optional, advanced and complementary courses are created only when the sufficient number of pupils (i.e. 5) opt for them. Organisational constraints have to be taken into consideration as well.

Some subjects must have been started in S3 or S4 if they are to be taken at this stage. These are Latin, Greek, Economics and Language 4. Art, Music and ICT also require strong bases, acquired in school or outside.

It is clearly important to consider future University courses and careers in making the 6th year choice. Many member states send professional career advisors to the school in due time.

## **General points**

In order to succeed in the higher years of the secondary school, a high level in Language 2 (the “working language”) must be reached. As from year 1, it is used for every possible opportunity in Art, Music, ICT and Physical education. It is used as a language of tuition as from year 3 in Human Science and in Religion (year 3), from year 4 in Economics, History and Geography. If we cannot create an option which is normally taught in the mother tongue because of the lack of pupils (in years 6 and 7) or because of timetable constraints, we shall try to offer pupils the possibility of having the subject in their working language.

## **Changes in subjects studied**

All requests for changes of subjects must be made to the Mr Belpaume (Curriculum Coordinator) **by end of May** of the preceding year.

A change in religion/ethics must always be requested by the end of the previous school year (**before April 30**).

Further information

A certain amount of information can be found on the central European Schools website <https://www.eursc.eu/en>

For specific questions, please contact:

**M. Belpaume** ((Curriculum coordinator)) [sebastien.belpaume@eursc.eu](mailto:sebastien.belpaume@eursc.eu)

## **14. School trips primary**

School trips are an integral part of the school curriculum and are therefore compulsory.

To be excused from a school trip, a medical reason is required. A request must be made to the Direction and justified by the submission of a medical certificate. The Management reserves the right to ask for a meeting with the parents in case of withdrawal.

It is the responsibility of the parents to take out cancellation insurance.

Medical expenses during school trip are to be borne by the pupil's legal guardian.

When travelling, each student must be in possession of the following documents:

- Valid passport or identity card
- Parental authorization signed by the child's commune of residence
- European Health Insurance Card or its equivalent (in the event of an accident, this card must be presented to the hospital, emergency room or doctor in order to receive reimbursement)

### **14.1. Countryside trips (Green classes)**

The pupils in 2nd and 3rd grade of primary school take part in Green classes organized by the school. Parents will receive detailed information about these journeys in due time.

### **14.2. Sea classes**

At the end of the school year, pupils in 4th grade of primary school spend one week on the Belgian Coast.

At the end of the school year, pupils in the 4th grade will go to the Belgian coast for a week.

### **14.3. Ski trips**

Snow classes are organised for all fifth grade and last about eight days. In recent years, they have taken place in Switzerland during the month of December. The trip will be by bus. The price will be fixed later.

The administration and the Direction remain at the disposal of the families who wish to have more information on the school trips.

### **14.4. Terms of payment**

Invoices for trips will be sent to parents by post.

The invoice must be paid before the departure of the school trip.

When paying, please mention the structured reference number indicated on the invoice without any additions or gaps (e.g. 22xxx 2xxx NAME First name of the pupil).

Please note that our bank account has changed.

From now on, please make your payments for school trips to the following account

**IBAN:** LU850019245538573000

**BIC:** BCEELULL

**Receiver:** EUROPEAN SCHOOL Luxembourg II

### **14.5. Social Fund**

The Social Fund is intended for families in great financial difficulty, in particular to enable them to benefit from a possible reduction on the most expensive school trips.

This fund is quite limited as it is financed by a small deduction from the turnover of the school's vending machines.

For each application, please fill in the form below and send the complete file (with all supporting documents related to the household income) to the address:

[Form Financial Aid Request](#) - [Privacy Statement](#)

ECOLE EUROPEENNE Luxembourg II

Fonds social - Voyages scolaires

6 rue Gaston THORN

L-8268 Bertrange

## **14.6. Insurance in case of an accident**

In the event of an accident, each student must be in possession of his/her European Health Insurance Card (or its equivalent) to present to the emergency, hospital, doctor, ...

The Association Assurances Accidents (AAA), which is the organisation in charge in case of an accident with injury, intervenes according to the rates of the visited country.

For more information, please visit: <https://aaa.public.lu/fr/accidents-maladie-pro/accidents-scolaire-periscolaire.html>

The school also has a civil liability insurance with "La Luxembourgeoise" which can intervene, on a case by case basis, in addition to the AAA.

### **Repatriation**

In the event of an accident requiring repatriation, everything is decided on a case-by-case basis and according to the degree of seriousness of the injuries.

The local hospital contacts the hospital in Luxembourg see how and when the child will be repatriated (helicopter, ambulance, taxi, ...)

The insurance will only reimburse if the local doctor issues a repatriation order.

Afterwards, there will be a medical check-up to determine how much the insurance will pay, but there is always a part to be paid by the parents.

### **Private travel insurance**

For those who wish to do so, they can take out a private supplementary insurance policy :

Ex : DKV <https://www.dkv.lu/fr/products/travelinsurance-fr/travel/>

# **15. Committees within the school**

## **15.1. The Health and Safety Committee**

The school put in place this advisory committee to discuss all questions related to the health, security and well-being of the users of the school site.

Its main missions are:

- The analysis of working conditions and risks.
- The development of violence prevention and awareness campaigns.
- The verification that the regulatory requirements are being adhered to through inspections and inquiries.
- The analysis of the circumstances and causes of accidents.
- Consultative advice in important planning.

The aim of this committee is to foster dialogue on health and safety issues among all key stakeholders in the school, including student and parent representatives.

The committee meets at least twice and no more than four times per school year.

## **15.2. The Canteen Committee**

This committee is comprised of the representatives of the parents, the teachers, the pupils, the school administration, staff member of the school.

This committee also aims to ensure the quality of the service of our school catering service and to make common decisions for the good of the children and the staff who eat lunch every day.

The committee meets 4 times a year and the dates of the meetings are published into our website.

After every meeting, the report will be published online on the European School website. For any comments concerning the canteen, we invite you to send a message to the following email address: [cantine@eursc-mamer.lu](mailto:cantine@eursc-mamer.lu)

All emails will be afforded great attention and an overview will be provided at the next canteen committee meeting.

## **15.3. The Education Councils**

[See General Rules of the European Schools 2014-03-D-14-fr-1](#)

In each school two Education Councils shall be formed:

- Education Council for the Nursery and Primary schools
- Education Council for the Secondary school

Each of the Education Councils shall normally meet twice per term.

**For the Nursery and Primary cycles**, the Council meets normally in September, December, in March and in June. These dates are indicative, changes may occur (please consult the School Calendar).

**For the Secondary cycle**, the Council meets every mid- term (please consult the School Calendar).

**The task of the Education Councils:**

- To seek optimum conditions for effective teaching.
- To promote positive and stimulating human relations.
- To seek to introduce all measures likely to highlight the school's European character.

**Composition:**

- The Education Council for the Nursery and Primary cycles shall be composed of the Director and Deputy Director, 3 elected representatives from the concerned categories – parents and teachers.
- The Education Council for the Secondary cycle shall be composed of the Director and Deputy

- Director, 3 elected representatives from the concerned categories – parents, teachers and pupils.
- The number of representatives for the education councils for ES Luxembourg II was approved at the Administrative Board on 22 January 2018

The Director may invite other persons whose presence he/she deems necessary.

## 15.4. The School Advisory Council

[\(See Reform of the European Schools System 2009-D-353-en-4\)](#)

**The School Advisory Council (SAC) is composed as follows:**

- Director
- Members of the management team:
  - Deputy Director for the Secondary
  - Deputy Director for the Primary
  - Bursar
  - Assistant Deputy Director for the Secondary Cycle

**Representatives of the teachers:**

- Two representatives of the Staff Committee: one for the nursery-primary, one for the secondary,
- Two representatives of the Primary Education Committee,
- Two representatives of the Secondary Education Committee,
- One representative of the locally recruited teachers,
- One representative of the AAS,
- The President and Vice-President of the Parents' Association,
- Two representatives of the students.

The Director may invite other persons whose presence he/she deems necessary.

**Role of the school advisory council:**

Within the framework of the general objectives of the system, the SAC makes proposals and gives opinions with a view to the setting of the school's priorities and objectives in all areas of school life. These priorities and objectives are used as the basis to produce the multi-annual school development plan and of the annual school plan, based on which the budget required for its implementation will subsequently be drawn up.

The SAC also deals with the school's internal affairs.

As the SAC is an advisory body, 'decisions' are taken by consensus, responsibility for the final decision lying with the Director or the Administrative Board, depending on the subject.

The SAC meets twice a year. In November/December and in March/April.

## 15.5. Administrative Council

[\(Reform of the European Schools System 2009-D-353-en-4\)](#)

The European schools benefit from a certain amount of pedagogical, administrative and financial autonomy and its' functioning is included in an annual activity report presented by the Director. Autonomy comes within the general framework of the regulations and decisions of the Board of Governors, including the Financial Regulation, which specifies its limits and the obligations in budgetary management terms.

One of the fundamental missions of the Administrative Council will be to adopt a multiannual school plan and an annual school plan as well as its' budget plan based on an annual activity report.

The composition and role of the Administrative Council are defined in Articles 19 and 20 of the Convention defining the Statute of the European Schools. Article 20, in particular, stipulates that the Administrative Council "shall perform such other administrative duties as may be entrusted to it by the Board of Governors." The relative autonomy of the school enables it to make decisions at the local level without going through the central governance.

### **There are three categories of decisions:**

A) Decisions that may have an impact at system level on the other schools.

- The Administrative Council, chaired by the Secretary-General, the guarantor of the system's coherence, would take these decisions, the list of which below is neither exhaustive nor prescriptive: Recruitment conditions of locally recruited staff
- Creation of AAS posts
- Category II contracts and school fee levels
- Setting of school fee levels (Category III) within the limits of a banded range determined by the Board of Governors
- Timetable reductions for teachers and other staff
- Various activities with implications for the school's budget
- School development strategy: cooperation, partnership, sponsors, etc.

B) Decisions which are the responsibility of the Director in accordance with the provisions of the statutes, rules and regulations, in particular the General Rules, and decisions on points such as :

- Local in-service training provision for staff
- ICT: staff development and training
- Data protection
- Child protection
- Transfers provided for by the Financial Regulation
- Enrolments of pupils

C) Decisions concerning other organizations within the school, such as the Parents' Association: for example, questions pertaining to the canteen, transport or extra-curricular activities.

### **Frequency of meetings:**

The Administrative Board meets twice a year. Extraordinary meetings may be convened if need be, according to the provisions of the General Rules of the European Schools (article 64.1).

The decisions of the AB are taken by consensus as far as possible. If the Chair of the AB finds that it is impossible to reach a consensus, he/she may put the question to the vote.

The following take part in voting: the Director, the representative of the Commission, the parents' representatives (one vote), the Staff Committee representatives (one vote), the AAS representative, the Chair.

Each member of the AB has the right to propose items to enter on the agenda for the next meeting.

## 17.5. Registration

Sodexo provides the catering service for the European School of Luxembourg II and the Centre Polyvalent de l'Enfance (CPE).

As such, a commercial and contractual relationship is established between Sodexo and the parents.

A letter with a login and password is sent to the parents of new pupils to present the services offered and to allow parents to register their children online.

For pupils already registered the previous year, registrations will be renewed by tacit agreement on the basis of the package booked the previous year. An e-mail confirming registration will be sent by Sodexo to parents with the possibility of changing the package online: <https://sodexoeducation.lu/ecoles-europeennes-et-cpe/>

Registration for the catering service is compulsory and regulates the validation of the registration of children in the Nursery and Primary cycles.

### **Primary Cycle**

Pupils must be registered in the school restaurant for Monday and Wednesday meals. They must take their meals in the Primary Cycle restaurant in the "Administration" building.

Primary pupils who bring their own sandwich or cold lunch for Monday and Wednesday meals will also have to register as "Tartinists".

### **For new pupils**

In the absence of registration with Sodexo (and as stipulated in the school's enrolment pack), the parents' details will be passed on to the catering service provider with whom the school has a contract. This is necessary for the invoicing of school catering costs, to the exclusion of any other third party, unless otherwise required by law.

### **Secondary Cycle**

There is no compulsory registration.

New secondary school pupils will be given a badge and a letter explaining the services offered (registration/payment/reloading of the badge) on the first day of school by their teacher.

The badge can be reloaded directly online: <https://sodexo-eelux2.moneweb.lu/clients#/login>

The badges distributed to students in previous years remain active and the remaining balances are kept (except for S7).

## **17.6. Service for «Tartinistes»**

Sodexo has set up areas for "Tartinistes" in the Primary (Mondays and Wednesdays) and Secondary (every day) cycles.

A "Tartinist" is a pupil who brings his/her own sandwich or cold meal into the school canteens. Dishes brought from outside may not be reheated in the microwave.

Registration is compulsory for pupils in the Nursery (Mondays) and Primary (Mondays and Wednesdays) cycles who wish to use the sandwich service. This service is free and provides the pupil with a glass, water, cutlery and a napkin.

The "tartiniste" service is only available at the school.

## **17.7. Hypoallergenic meals**

Hypoallergenic meals may be provided for students of the three cycles and the CPE.

Hypoallergenic menus are only served on the basis of prior registration and after validation by the school's medical service and/or the CPE's medical service (cf. procedure under the heading: Medical and Psychological Service of the School Memorandum / Rules for Admission and Operation of the CPE's Establishments).

## 17.8. Billing

### Nursery and primary cycles

Meals are invoiced quarterly.

Any changes will be made at the end of each term and will be effective the following term.

First term dates: September to December

Second term dates: January to March/April

Last term dates: March/April to early July

Meals are paid in advance to Sodexo via the website: <https://sodexoeducation.lu/ecoles-europeennes-et-cpe/>

The amount varies according to the pupil's and school trips (green classes, seaside classes or snow classes) which are automatically deducted.

A detail will be attached to the invoice.

The parents decide how often the pupil attends the school.

Meals not taken will not be reimbursed except for duly attested medical reasons.

Primary and Nursery pupils who bring their own sandwich or cold meal (on Monday and Wednesday must subscribe to the "Tartinistes" service.

### Secondary classes

For the secondary cycle, payment must be made via the link: <https://sodexo-eelux2.moneweb.lu/clients#/login>

The badge is valid for the entire duration of the school year.

Any problem with the badge must be reported to [ecoleeuropeenne2.lu@sodexo.com](mailto:ecoleeuropeenne2.lu@sodexo.com)

In the event of loss, a fee of € 10 will be charged for the replacement of the badge.

At the end of the year, the remaining balance of the badge is kept for the beginning of the following year.

For pupils who have completed their cycle or who are leaving the school, the remaining balance can be reimbursed by ???

In the event of a teacher's absence, S1-S2-S3 students should report to the counsellors' office and may, depending on the case, be allowed to stay in the cafeteria afterwards.

### Confidentiality of Family Information

EUREST agrees to use the information provided on registration and renewal forms only for the stated purposes, to aid in billing and covering the catering costs for the European School Luxembourg II and the CPE V. EUREST guarantees that information will never be shared with a third party and will be destroyed at the end of the legally prescribed period.

## 17.9. Confidentiality of Family Information

Sodexo agrees to use the information provided on registration and renewal forms only for the stated purposes, to aid in billing and covering the catering costs for the European School Luxembourg II and the CPE V.

Sodexo guarantees that information will never be shared with a third party and will be destroyed at the end of the legally prescribed period.

## **17.10. Canteen Committee**

A canteen committee meets quarterly to discuss questions relevant to food service at the European School Luxembourg II. All interested parties (teachers, students, parents, catering service members) are represented in the committee.

Meeting minutes are available on the School website: <http://www.eel2.eu/en/page/canteen-committee>

# **18. Furnitures, lockers and badges**

## **18.1. Schoolbooks**

Each year, the school publishes a list of books that pupils must buy. The list is available on the school website as from the 20th June of the preceding school year.

Moreover, in some subjects, books published by the European Schools are compulsory and charged to the parents.

- **Intermath** for Math in the primary school For S3 pupils, worksheets called “The Mediterranean World”.
- **Eurobio** for Biology in the secondary school can be [downloaded here](#) under the responsibility of the parents.
- Photocopies carried out by teachers for their lessons are directly charged to families in the form of an annual contribution.

## **18.2. Diary**

Each pupil of classes S1-S7 must neatly keep a diary in which lessons and homework are noted.

## **18.3. Calculators**

All pupils from years S1-S7 must possess a calculator.

Pupils from years S4-S7 must possess the calculator TI-Nspire CX CAS regardless of the math course they follow.

The exact model of the required calculator will be indicated in the book lists available on the school website. These models are updated during the school year according to the instructions of the Central Office. The rules in force are those published on the school website. For mathematics courses in the other years, any basic calculator is accepted.

## **18.4. Physical Education and Swimming in the Primary and Secondary School**

The following items of clothing are required for sport in school:

### **Gym or sports**

- Tights, shorts, or jogging pants (no jeans) + t-shirt
- Pair of clean sports shoes used exclusively for the course
- Rubber band for long hair

### **Swimming**

- Swimsuit and bathing cap are compulsory
- Only swimming tights are permitted. For girls a one-piece bathing suit is preferred, but a sports bikini is permitted
- Appropriate shoes for the swimming pool (primary cycle)
- Bath towel

## **18.5. Lockers**

The use of the locker is regulated by the internal rules (Living together / Chapter IV / article 4.3).

Every student is required to have a locker in the secondary school. This is the only place where personal belongings can be locked up. Please note that the school cannot be held responsible for loss or damage to students' property. A non-reimbursable service charge is payable for each student. Students are not allowed to share the same locker.

At the beginning of the school year, a locker number will be allocated to each student. Students must bring their own padlock with key and place it by the end of the 2nd week. If the key is lost, the caretaker will not be able to cut oversized padlocks.

The school management may check the contents of the lockers (in the presence of the owner), in the interests of hygiene and of security.

## **18.6. Badges**

Every year, all students in the secondary cycle receive an identification badge on which the timetable and the various exit authorisations are indicated by a distinctive colour or letter. This badge must be shown at the request of any management or teaching staff member, including school security staff (guards).

All students must demonstrate their badges while entering and leaving school in order to assert their rights of passage. The school management has instructed the security guards to monitor the indicated authorizations. If inconsistencies occur, the student will be referred to the counsellor's office for further data clarification and validation.

As a reminder, the holding of a badge does not in itself constitute a right to use the site's accesses and exits or a right of circulation beyond the areas assigned to the secondary cycle.

This badge is also used for the canteen (see point 21 of the Memorandum).

The cost of this badge will be charged to parents. Any request to renew a badge will cost €10.

# **19. Medical and Psychology service**

## **19.1. School's medical service**

The school has a medical service.

The main activity of this service consists of a monitoring:

- of the medical check-ups and
- of the pupils' medical records.

The opening hours of the school's medical service correspond to the class hours of the school cycle concerned.

The school's medical service does not conduct medical consultations. If the pupil's state of health so requires, these consultations must be carried out by the pupil's attending physician. Parents are asked not to send sick pupils to school. Any pupils who show up ill at school should be picked up by their parents/guardian as soon as possible.

No medication will be administered without a medical prescription issued by the pupil's attending physician and made available to the medical service or as part of an individualised support plan (P.A.I.) provided to the school through the Ministry of Health.

The school's equipment and medical supplies (wheelchairs, crutches, bandages, cold packs, etc.) are intended for internal use only. For example, if your child needs a wheelchair for school use, even for a limited period, please consult your child's attending physician.

The School, the CPE and all other childcare facilities are different entities that do not share medical information and/or medicines.

### **A) Medical check-up and record**

The frequency of medical check-ups for each cycle is as follows:

- Pupils in the nursery and primary cycles attend a medical check-up every two years.
- Secondary students go to the medical examination in S2, S4 and S6.

As far as medical records are concerned:

- The medical service does not accept the original of the vaccination card and declines all responsibility in case of loss.
- No copy of the vaccination card will be issued by the medical service.
- When a pupil/student leaves school, parents are asked to collect the medical school record from the medical service.

### **Course of a medical examination**

First step: Preparation visit by school nurses

Checking of weight and height of pupils.

They are in their underwear.

eyesight, takes;

Check of blood pressure;

Urine tests (from urine previously received);

Copy of vaccination booklet;

The preparation takes about 5 minutes/child

The children are then called back a few days later for the medical examination with Dr. Panocetti.

Second step: Medical examination by the school doctor

This visit is based on the Grand-Ducal Regulation of 24 October 2011 determining the content and

frequency of school medicine measurements and examinations and the functioning of the medical, social and educational team (amending the 1987 regulation).

These visits take place every two years, starting in M1 and continuing in P1, P3 and P5. Visits are also made to the secondary school.

Visits for kindergarten and primary occur on 2 mornings per week.

As specified on the sheets distributed to parents before each medical examination, the doctor carries out the following examinations:

1. general condition, skin examination
2. cardiopulmonary auscultation
3. abdominal examination
4. examination of ears, throat, teeth
5. examination of external genitalia (the examination concerns the boys);
6. examination of the musculoskeletal system

The children are received by the nurse in groups (girls and boys are separated) and they are examined in underwear by the doctor individually.

After the visit, a letter is sent to the parents with necessary information

## **B) Care and support**

The school's medical service will handle:

- accidents at school;
- illnesses that have occurred in school;
- medical processing as part of an individualised support plan (P.A.I.);
- occasional medical treatments under the condition that a medical prescription is available.

The school's medical service will not handle:

- the acceptance and administration of any medical treatments without the provision of a medical prescription;
- medical processing of medical issues that have occurred or appeared outside the school environment (e.g. at home, during the weekend, etc.);
- any administrative or medical follow-up such as checking the student's state of health (especially for symptoms that have occurred at home), writing excuses for sports or extracurricular activities, etc.

It should be noted that the school's medical service ensures emergency "care", but no medical follow-up. When a pupil's state of health indicates that it is not in the pupil's interest to remain in school, the pupil must be taken over from school as soon as possible by the parent/guardian.

Finally, it should be made clear that nursery and primary pupils cannot have medication in their schoolbags.

## **19.2. Accidents**

If an accident occurs at school, the school reserves the right to request assistance from the emergency and response services. In this case, the care and transport of the pupils to the on-call hospital unit is entrusted and provided through ambulance attendants.

Parents/guardians are notified by phone:

- of the accident;
- of the handling (care provided);
- any possible follow-up on their behalf (concerning health status or accident declarations);
- the location to which their child has been transferred (as a result of an ambulance intervention).

In the event of a school accident or an accident on the way "home-school-home, parents must imperatively contact the nurse of the cycle concerned within 3 working days following the accident.

They must provide all the information related to the accident so that the School can draw a School Accident Report.

Failure to declare an accident will result in invoices and medical expenses related to the accident not being reimbursed by the Accident Insurance Association (AAA).

### **19.3. Notifiable (contagious) diseases**

The medical service is not conducting any medical diagnosis. This must be done externally to the school.

If a child contracts a reportable or contagious disease, parents must immediately notify the school and respect the rules of school eviction as indicated in the medical certificate.

No information about the infected pupil or the circumstances of the infection will be communicated outside the school's medical service and the administrative staff directly concerned.

The school will only communicate internally upon request or recommendation from the Ministry of Health in the interest of the school population.

### **19.4. Children with special health needs**

Pupils for whom special care or protection is to be foreseen for their health, an individualised support plan (P.A.I.), must be provided at the beginning of the school year or when a statement requiring such protection is issued.

This is mandatory, and no exceptions can be made. In the absence of an individualised support plan (P.A.I.), the school considers that the pupils do not require any treatment. For more information about the different procedures and modalities, please contact your child's attending physician or refer to the information:

<https://guichet.public.lu/fr/citoyens/famille/parents/assistance-enfance/projet-accueil-individualise.html>

It should be mentioned that the school, as part of the implementation of each individualised support plan (P.A.I.), will organize a consultation meeting with the people concerned and directly interacting with the pupil.

As part of an individualised support plan (I.A.P.), individual and prescribed medications for the pupil in question will only be administered if a complete medical kit is provided to the medical service along with the emergency protocol.

### **19.5. Food allergies and intolerances**

Any pupil with a food allergy and/or intolerance can benefit from a hypoallergenic meal or be a "spreader".

In case of food allergy and/or intolerance, parents are responsible:

- of the registration and
- of the request for hypoallergenic meals or spreadable meals from the canteen company. Meals with exclusion of restrictive foods are not an option.

For pupils who for health reasons need special supervision at mealtimes:

- the school does not offer one-to-one or specific supervision
- pupils who cannot take meals in the canteen must be escorted and supervised during the meal by their parents/guardians.

### **19.6. Social and Psychological Service**

The school has a psychological service.

The intervention of this service consists mainly of:

- to provide support for pupils' educational, emotional and behavioural difficulties;

- to participate in procedures for specific school needs;
- to support the pedagogical staff by informing them of the specific needs of pupils.

School psychologists do not carry out psycho-pedagogical and/or diagnostic assessments. These assessments must be carried out externally to the school.

The school has links with various social and psychological services. Parents whose children have learning or behavioural problems are asked to approach the educational advisors or head teacher for the secondary cycle and the classroom teachers for the primary cycle in the first instance.

### **Care Team**

In order to increase the efficiency of the exchange between the medical and psychological services, a Care Team has been created.

This unit promotes communication and cooperation between services (School Doctor, Nurses, School Psychologist). To this end, regular meetings between the members of the unit are organised throughout the school year.

## **19.7. Well-being of pupils**

The ethos of the European School Luxembourg II is founded on a basis of mutual respect between all members of the school community to encourage the self-respect of the pupils and preserve their right to emotional and physical privacy. The school is a place of learning and socialization, where the notion of 'living together', the wellbeing, as well as the success of everyone should be emphasised. Therefore, it is a priority to establish a school culture of acceptance, tolerance and respect, where all members of the school community (pupils, parents, teachers, management, nurses, duty teams) must be involved. In all cycles of the European School (nursery, primary and secondary) teachers play a crucial role in creating an atmosphere of support and empathy both inside and beyond the classroom with the setting-up of various projects, workshops, common projects (KiVa-project) and class-independent actions. For the students of the secondary school, those actions / workshops focus on drug prevention and sexual education. They are realized together with local experts (police, Planning Familial, etc.).

Establishing a positive climate at school is implemented by organizing staff meetings, class and parent meetings and providing newsletters to families. Reinforcing positive social interactions and inclusiveness is part of this culture. School staff keeps parents regularly informed, make them feel welcome, and treat them as partners. Thus, we need parents' active collaboration with all stakeholders in the education of their children. Parents need to contribute to encourage a peaceful and serenity atmosphere within the class and the entire school. It is necessary that they fully engage with the school and respect class rules and that they, too, set good examples to their children. They are required to be respectful, supportive, positive and collaborative. Further parents can contribute to a positive school climate through the parent association (APEEEL2), volunteering, and school improvement events. On this basis alone we will be able to achieve common goals like creating a safe and secure learning environment and developing an atmosphere of cooperation, self-confidence and the well-being of the school community.

Any information that raises concerns about the welfare and protection of any pupil is transmitted to the appropriate school staff and any allegation is treated as a matter of utmost seriousness. Personal freedom and the right to human dignity are fundamental human rights. In any conflict the rights and protection of the child are paramount. It is understood and respected that sensitivity and understanding in dealing with a child protection case is of extraordinary importance. According to the Child Protection document of the European Schools the role of the school is to provide an appropriate education for all pupils.

It is our aim that a culture of openness exists throughout the school, where all members of the community feel allowed to express their concerns and anxieties without fear of retaliation or humiliation and have confidence that they will receive a serious, sensitive and professional response from the members of the social and psychological service.

# **20. Education policy for Language 2**

PRIMARY

Official referral documents:

[Curriculum - Langue Deux - Second Language - Zweite Sprache Revision of the Decisions of the Board of Governors concerning the organisation of studies and courses in the European Schools](#)

**The purpose of this page is to briefly explain the objectives and organisation of Language 2 teaching (German, English, French) within the Primary cycle of the European School of Luxembourg 2.**

**The specific programs of each Language 2 are available on the official website of the European Schools.**

## **20.1. Classes organisation**

Students from P1 to P5 benefit from a daily Language 2 period, equivalent to 5 periods over the week.

The periods are 30 minutes/day for P1 and P2, and 45 minutes/day for P3, P4 and P5.

P2 to P5 begin Language 2 classes during the second week of the new school year while P1 begin during the first week of October.

## **20.2. Pedagogical choice: Controlled heterogeneity**

P1 and P2 are heterogeneous groups. The goal is to optimize the teaching of Language 2 for all students, regardless of their school and preschool background and family context.

P3, P4 and P5 are also organized in a heterogeneous way with the following nuance: the majority of the pupils follow the "Mainstream" groups, however support groups can be organised, with reduced numbers if possible, for pupils presenting higher levels of difficulty. These groups are formed according to observation and assessment conducted by the teachers of Language 2. The parents of the students concerned are always informed.

At the end of the first semester and upon the recommendation of the teachers of Language 2, a change of group may be required for a student (for example: moving from the support group to the Mainstream or vice versa).

Beginner students joining our school in P3, P4 or P5 will benefit from a system of remedial classes organized during school time.

This organization applies to all 3 languages 2.

## **20.3. Numbers**

[The regulations of the European Schools](#) require the formation of groups of maximum 25 pupils.

As explained in point II, the numbers may be smaller due to the setup of support groups, if possible.

## **20.4. Didactic principles**

The principles followed by the teachers are based on the recommendations of the programs specific to

each language 2 as well as on the document 2012-08-D-13-en-2:

*« Language learning is part of a holistic process involving all the senses. Pupils should be enabled to use language in context through project-based enquiry.*

*Planning for teaching and learning in Language II must take into account the prior skills, knowledge and requirements of the learners. Teachers must also be cognisant of research and development in terms of language acquisition, as outlined in the "Common European Framework of Reference for Languages: learning, teaching and assessment". The Joint Language II Curriculum is based on a dynamic concept of continuous competence building.*

*The L II curriculum is based on a dynamic model of teaching and learning. The teacher should create a motivational, stimulating learning background through an activity-based and thought-provoking learning environment, including the modelling and scaffolding of new learning and careful monitoring of the progress each pupil is making. The learner must be an active participant, aware of his/her learning processes and adopt an active role in this process. »*

## **20.5. Selected methods and manuals**

The choice of methods and manual is the responsibility of the teacher. However, a harmonization is sought within each Language 2. As of this 2019/2020 school year, the textbooks used are harmonized within each Language 2.

## **20.6. Level reached in the primary cycle**

*« The learning objectives are benchmarked against the reference levels of the Council of Europe's Common European Framework of Reference for Languages (CEFR).*

*The first three levels of achievement are relevant for L II education at primary level :*

- *A 1 Breakthrough*
- *A 2 Waystage*
- *B 1 Threshold*

*Students with no command of the second language when entering schooling in Primary Class 1 should reach level A2 by the end of primary education. Students with an advanced level of language competence could reach level B1, at least in some of the competence areas. »*

[Document Curriculum - Langue Deux - Second Language - Zweite Sprache.](#)

## **20.7. Evaluation and homework**

### **1. Evaluation**

The evaluation is done through the school reports in February and July.

### **2. Homework**

It is the responsibility of each teacher to organize work at home. The chosen device will be explained to parents at the beginning of the school year meeting.

## **20.8. Parent / teacher communication**

Parents of students are invited to an information meeting at the beginning of the school year with their child's Language 2 teacher.

At any time, and throughout the year, teachers can ask parents for a meeting about their child. The

same is true for parents of pupils with regard to the teacher of their child.

In order to facilitate communication between all parents and the teacher, a reference parent may be elected / appointed by the parents of the class.

It is the responsibility of the teacher to organize communication with the parents of pupils. Regular and organized communication is however recommended.

Activities in Language 2 class or any outings organized by teachers may have a financial cost. For this purpose, a financial contribution of maximum 10 may be requested to parents of the class. This "class fund" will have to be managed by the students' parents themselves, for example via the parent of a referent pupil. The teacher will have to explain the use of the expenses.

SECONDARY SCHOOL

### **Syllabus for all LII Languages (Secondary cycle) Main course1**

The language teaching in the primary gives way to the CLIL approach in the secondary as prevalent. In the secondary cycle, students start to learn an increasing number of subjects through a language different from their Language 1. Learning actual subject content in a foreign language (or languages) usually enhances the learning of the language itself

As from secondary year 3 Language 2 (English, French, German) becomes the language of tuition of Human Science, religion and non-confessional ethics. From secondary year 4 onwards, History, Geography and Economics courses as well as religion and non-confessional ethics courses must be taught in Language 2 and may not be taught in Language 1.

In the case of Music, Art, ICT and Physical Education, education is provided through a language the pupil has on its timetable/ the student knows.

## **21.2. ACTIONS WITHOUT BORDERS - AKTION OHNE GRENZEN - ACTIONS SANS FRONTIERES**

**Welcome to our Association!**

# Actions Sans Frontières

*Écoles européennes - Luxembourg*

Actions Sans Frontières (ASF) or Actions without Borders of the European Schools in Luxembourg is composed of pupils, parents, teachers and members of staff of the European Schools in Luxembourg who wish to support together specific projects concerning children in developing countries.

ASF's two main objectives are:

- On one hand to raise awareness among pupils concerning problems such as poverty in less developed countries, as well as awaken the pupils' sense of solidarity and their desire to share, while allowing them to get involved in development aid and helping children in need.
- On the other hand, to raise funds for projects in developing countries. The total amount of funds raised is donated to these projects which must be precise, practical and completed within a limited timeframe. Their realisation is followed by ASF.

Unfortunately, 2020-2021 was a very difficult year due to the Covid 19 virus. As all activities involving the gathering of students were cancelled, A.S.F. was not able to carry out its normal fund-raising activities within the two European Schools in Luxembourg. Therefore, all its activities such as the Christmas Market, the Sports Days of primary and nursery, the secondary discos, the sales of cakes during theatre shows and concerts in both schools, the information and cultural discovery stands held during the school fêtes in May, did not take place due to the Covid sanitary crisis and restrictions. Our funds were therefore inferior to funds raised during previous years. This is why there was no call for new projects in spring 2021. Nevertheless, the A.S.F. Committee decided to carry on supporting its long-term funding to 6 projects that had been submitted to us before.

Thanks to donations from parents and its members, ASF managed to raise the amount of 14 181 € that was donated to different projects in KENYA, BURUNDI, TOGO, SÉNÉGAL, CONGO and COLOMBIA as well as an emergency aid to Covid 19 victims in India.

We hope that the 2021-2022 school year will allow ASF to be productive again in raising awareness and stimulating participation in all the events that it organises. All members of our school community can take part in our actions, the registration with ASF being free of charge.

## 21.3. Fairtrade

Since February 13th 2015, we have been a Fairtrade certified school, thanks to the support of the management, teachers, parents, and especially to the enthusiasm and commitment of the students.

### **This is our story:**

It all started in the 2012/2013 school year with the Italian S3 class; we started to work on the Fairtrade project and the meaning of fair trade. We started to collect information and, for the first Christmas market in the new school of Mamer, we have designed and printed on our t-shirts the sentence "Not for us but for them" which became our logo!

### **Today**

The Fairtrade Committee aims to inform and educate our School's students on the different aspects of Fair Trade. Our team is currently made up by 18 people and many volunteers, active during various events. STEP BY STEP we started great traditions in our school:

- **Christmas Market:** Awareness raising of COCOA production with Fairtrade chocolate and fruit fountain.
- **Valentine's Day:** Awareness raising of Kenya's Roses-producing cooperatives and Roses sale, only in the secondary cycle.
- **Mothers' Day:** Awareness raising of Kenya's Roses Producing co-operatives and Roses Sale, for the nursery and primary cycles.
- **School Celebration:** awareness raising on the manufacture of footballs; quiz, balloons and Fairtrade cotton. Pancakes and Fairtrade Fruit Salads.
- Preparation of a panel to raise students' awareness of the concept of "Fairtrade school", prepared entirely by secondary school students.
- Awarding of Fairtrade diplomas to all students who actively participated in the different activities throughout the year.
- Treasure hunt, two different ones, dedicated to secondary school students and school staff. The winners received a "fairtrade basket" .

The Fairtrade Committee, thanks to all the actions carried out throughout the school year, has been able to support the primary school of Mitantana (Madagascar).

The committee is strongly supported by the pupils, parents and teachers of the primary and secondary cycles and also by former pupils of the school.

Thanks to the collaboration, the availability and the generosity of the whole school, our journey and our steps are progressing steadily...

## **22. European hours**

European Hours is a program that represents a key philosophy of the European Schools. It allows students to participate in multidisciplinary activities tied to the curriculum but not necessarily tied to one subject area.

Reference Document from the Superior Council: 2016 - 08 -D-17-fr-3

European Hours also provides opportunities to:

- Regroup and bring together students of different nationalities.
- Encourage interaction, communication, and cooperation during shared activities.

It is not a language course, but rather an educational moment for personal and cultural exchange. Students are asked to actively participate, get know each other, and learn about each other's cultures with mutual respect. They can appreciate the « Maison commune Europe » by valuing the diversity of cultures while appreciating the transnational nature of European identity.

### **22.1. Who is it intended for?**

## **23. School trips secondary**

School trips are an integral part of the school curriculum and are therefore compulsory.

To be excused from a school trip, a medical reason is required. A request must be made to the Direction and justified by the submission of a medical certificate. The Management reserves the right to ask for a meeting with the parents in case of withdrawal. It is the responsibility of the parents to take out cancellation insurance.

Medical expenses during school trip are to be borne by the pupil's legal guardian.

When travelling, each student must be in possession of the following documents:

- Valid passport or identity card
- Parental authorization signed by the child's commune of residence
- European Health Insurance Card or its equivalent (in the event of an accident, this card must be presented to the hospital, emergency room or doctor in order to receive reimbursement)

### **23.1. S2 trip**

Trip of 2-3 days in May

### **23.2. S3 trip**

Visit of Athens (Grece) in March

### **23.3. S6 trip**

Trip of 1 week in various European countries end of April/ begin of May

### **23.4. Outings and trips linked to a subject**

Many outings and several school trips linked to a subject are organized throughout the school year.

For insurance purposes, any trip/outing, even when it happens outside lessons time, must be authorized by the School Director and the pupils' parents.

Teachers can exclude from a trip a pupil who represents a risk for the group.

#### **Zero-alcohol policy**

Is applicable during any school trip organised by the European School Luxembourg II. This means that the consumption or possession of alcohol is strictly forbidden during any school trip. Any breach of this rule will lead to severe sanctions.

The organizers of the trip will ask the students and their parents to sign a form regarding the alcohol policy confirming that they are aware of the rules and of the consequences in case of violation of the zero -alcohol policy. If the signed form is not handed in prior to the trip, participation in the trip will be refused.

### **23.5. Insurances**

In the event of an accident, each student must be in possession of his/her European Health Insurance Card (or its equivalent) to present to the emergency, hospital, doctor, ...

The Association Assurances Accidents (AAA), which is the organisation in charge in case of an accident with injury, intervenes according to the rates of the visited country.

For more information, please visit: <https://aaa.public.lu/fr/accidents-maladie-pro/accidents-scolaire-periscolaire.html>

The school also has a civil liability insurance with "La Luxembourgeoise" which can intervene, on a case

by case basis, in addition to the AAA.

### **Repatriation**

In the event of an accident requiring repatriation, everything is decided on a case-by-case basis and according to the degree of seriousness of the injuries.

The local hospital contacts the hospital in Luxembourg see how and when the child will be repatriated (helicopter, ambulance, taxi, ...)

The insurance will only reimburse if the local doctor issues a repatriation order.

Afterwards, there will be a medical check-up to determine how much the insurance will pay, but there is always a part to be paid by the parents.

### **Private travel insurance**

For those who wish to do so, they can take out a private supplementary insurance policy :

Ex : DKV <https://www.dkv.lu/fr/products/travelinsurance-fr/travel/>

## **23.6. Social Fund**

The Social Fund is intended for families in great financial difficulty, in particular to enable them to benefit from a possible reduction on the most expensive school trips.

This fund is quite limited as it is financed by a small deduction from the turnover of the school's vending machines.

For each application, please fill in the form below and send the complete file (with all supporting documents related to the household income) to the address:

**The second in May and to be paid 1 month later.**

This invoice includes the Minerval deposit for the following school year.

No grouped payments per section will be accepted.

Please note that these invoices are not covered by the class fund.

For more details, see points 21, 22 and 23

### **24.1. Minerval**

[Minerval](#)

### **24.2. Terms of payment**

**Parents subject to school fee commit themselves to pay the fee as follows:**

#### **Bank account**

Please make your School fees payments to the following account:

IBAN: LU850019245538573000

BIC: BCEELULL

To: EUROPEAN SCHOOL Luxembourg II

When paying, please mention the structured reference indicated on the invoice without additions or missing items (ie: 22xxx 2xxx SURNAME First name of the payer).

#### **First enrolment of a child at the European School**

In application of the decisions of the Board of Governors of April 2005 and in order to validate the enrolment of a child, a deposit of 25% has to be paid before June 24.

A deposit invoice will be sent around June 10. This deposit will not be reimbursed.

#### **Parents of children already enrolled at the European School**

According to the decision of the Board of Governors of April 2005 and in order to secure the enrolment for the next school year, all parents of category III as well as NSPA employees (category 2 and 3) shall, from now on, pay a deposit of 25% by 30<sup>th</sup> June at the latest. This deposit will not be reimbursed (cf. General Rules of the European Schools ref. 2014-03-D-14-en-8).

*A deposit invoice will be sent to them during the month of May.*

#### **Common provisions for all parents**

Parents are expected to pay the outstanding 75% at the latest 30 days after the date of the invoice, which will be issued in October.

#### **Important notes:**

No pupil will be admitted in September if the deposit has not been paid within the given deadline.

Furthermore, if at the end of the school year the school fees remain due or have not been paid completely, the pupil concerned is considered by the School to be removed from the enrolment register and will not be admitted to the European School the following year. If necessary, the payment of the

outstanding sum will be requested by judicial means.

## **24.3. Fee reduction**

In accordance with the guidelines of the Board of Governors, discounts may be granted if the monthly net income of the family (family allowances included) does not exceed certain thresholds. The thresholds are periodically adjusted. To be valid, requests for discounts must be addressed to the Head of the European School before 30th November of the current year.

Supporting documents requested by the School to create a file for fee discount must be returned by 30th January at the latest. These documents will be handled in the strictest confidence.

## **24.4. Registration fee for the Baccalaureate**

All 7th year pupils, whatever their category (I, II or III), must pay the registration fee for the Baccalaureate (101.86 €) by March 31<sup>st</sup> of the year in question (see the Arrangements for implementing the regulations for the European Baccalaureate 2021, Ref.: 2015- 05-D-12-en-20). The amount due is included in the global bill issued in October for the current school year.

In certain cases, the pupils can register for extra Baccalaureate optional courses. The registration fees for this option is fixed at 38.17 € and are added to the general Baccalaureate fees.

## **24.5. Other fees**

All pupils whatever their category (I, II, or III) are expected to pay a few additional costs. The terms of payment are mentioned in the rest of the document.

The due amount concerning the school fees (Minerval), the registration fee for the Baccalaureate, the file for university enrolment and extra Baccalaureate optional courses, photocopies, Intermath books, social insurance, badge and locker are already mentioned in the bill of October from the current school year.

In case of early departure of a student during the period of November to January, small fees will be refundable at 50% when paid for the whole school year.

### **Civil liability in case of school accidents**

This extra insurance is seized when the "Association Assurance Accident (AAA) does not intervene. The amount of this insurance premium is around 3.95 € (tbc) per pupil and per school year. This insurance is compulsory for all students and is invoiced to the parents each year regardless of the length of time the student attends the school.

### **Cost for photocopies, Intermath, Badges for the secondary school**

After the first Educational Council of the school year, the amounts will be fixed for the year and will be communicated to the parents

In accordance with the decision of the Education Council, the school decided to centralize the invoicing of photocopies carried out by the teachers for educational use within the classroom. The aim is to avoid that teachers must collect the photocopying fees from each individual pupil.

The lump sum proposed is based on the real consumption during the current year. An evaluation will be carried out at the end of every school year to verify if the sum paid by the parents covered the photocopying costs.

The costs paid by the parents credited to a specific extra budgetary account. A report of the use of the extra-budgetary accounts is communicated annually to the members of the administrative board.

### **File for university enrolment**

If the School has to manage the enrolments applications in higher education, the pupil will be invoiced an amount for each application, calculated according to the following rules:

Small applications: Enrolment applications in higher education need a special application dossier through application platforms. The average extra time spent processing these applications is around 2 periods per application, resulting in an additional cost of 130 €.

Major applications: Applications for registration which require a minimum of 4 working periods, resulting in an additional cost of 260 €.

## **25. Change of address/family situation**

### **25.1. Change of family situation**

Any change of address, e-mail, employer, private or professional telephone number, must be reported in writing as soon as possible to the secretariat of the concerned cycle and to the School Administration at the following e-mail address : [ana.neves@eursc.eu](mailto:ana.neves@eursc.eu)

Any change of family situation (divorce, custody, etc...) must be justified by legal documents and changes of residence must be justified with a Certificate of Extended Residence / Household Composition from the Commune.

# **26. Accidents and Insurances**

## **Definition of a school accident**

A school accident is characterized by the sudden appearance of a physical injury due to an external cause. School accidents shouldn't be confused with previous injuries or illnesses.

In the event of a school accident, any student attending a school in Luxembourg is covered by the Association Assurances Accidents (AAA).

This insurance covers accidents that occur during:

- lessons, sports lessons, swimming lessons, break and canteen periods;
- on the direct way: home - school - home,
- extracurricular activities organized by the school and by the Parents' Association;
- visits, outings, excursions and school trips organized by the School,
- S5 compulsory internship

## **Role of the school: Obligation to report all accidents at school or on the way to school**

In the event of a school/way accident, parents must contact the concerned cycle nurse within 3 working days in order to draw up an accident report.

This must be drawn up and signed by the School and sent to the Association Assurance Accident (AAA) as soon as possible.

## **Parents' role: Obligation to provide the AAA with the required documents**

As soon as the AAA has received the accident declaration, it sends a document to the parents/guardians with the procedure.

It is the parents' responsibility to follow up the case and provide the AAA (not the School) with all the required documents.

If the accident report is not submitted, the AAA will not reimburse any medical bills or expenses.

## **Notes**

Accident-related costs are never reimbursed at 100%; the parents are always responsible for a proportion of the costs.

Accident-related costs are never reimbursed by the school, but by the AAA.

[More information about AAA](#)

## **Supplementary Civil Liability of the School**

If, for any reason, the AAA does not cover an accident, the School will refer the matter to its complementary Civil Liability insurance company, which will decide, on a case-by-case basis, whether or not to accept the case.

## **26.1. Accident during a school trip**

During a school trip, students are under the civil responsibility of the school trip organisation and/or the School. All students must be in possession of their European Health Insurance Card or its equivalent. In the event of an accident, this card must be presented to the hospital, emergency services, doctor, etc.

## **Repatriation**

In the event of an accident requiring repatriation, everything is decided on a case-by-case basis.

The on site hospital contacts the hospital in Luxembourg to see how the child will be repatriated (helicopter, ambulance, taxi, etc.) depending on the seriousness of the injuries.

The insurance only reimburses if the local doctor issues a repatriation order.

After that, there will be a medical check to determine how much the insurance will pay back; the parents always have to pay a proportion.

## **Financial assistance from the AAA**

AAA pays according to the rates of the visited country and does not guarantee 100% reimbursement.

## **Supplementary Civil Liability of the School**

If, for any reason, the AAA does not intervene, the School will refer the matter to its complementary Civil Liability Insurance, which will decide, on a case-by-case basis, whether or not they intervene.

## **Private insurance**

Parents are strongly advised to take out private insurance.

Ex : <https://www.dkv.lu/fr/> or <https://www.cmcm.lu/fr/accueil>

# **26.2. Accident during the S5 mandatory internship**

## **Accident during the mandatory S5 internship**

During a mandatory internship, the students remain under the civil responsibility of the School.

All students must be in possession of their European Health Insurance Card or its equivalent. In the event of an accident, this card must be presented to the hospital, emergency services, doctor, etc.

## **Repatriation**

In the event of an accident requiring repatriation, everything is decided on a case-by-case basis.

The on site hospital contacts the hospital in Luxembourg to see how the child will be repatriated (helicopter, ambulance, taxi, etc.) depending on the seriousness of the injuries.

The insurance only reimburses if the local doctor issues a repatriation order.

After that, there will be a medical check to determine how much the insurance will pay back; the parents always have to pay a proportion.

## **Financial assistance from the AAA**

AAA pays according to the rates of the visited country and does not guarantee 100% reimbursement.

## **Supplementary Civil Liability of the School**

If, for any reason, the AAA does not intervene, the School will refer the matter to its complementary Civil Liability Insurance, which will decide, on a case-by-case basis, whether or not they intervene.

## **Private insurance**

Parents are strongly advised to take out private insurance.

Ex : <https://www.dkv.lu/fr/> or <https://www.cmcm.lu/fr/accueil>

## **26.3. Insurance in case of material damages or deteriorations**

**Only material damage resulting from an unintentional accident at school involving bodily injury will be covered by AAA or our supplementary liability on a case-by-case basis (see [Article 99 from the Social Security Code](#) )**

### **Broken glasses**

**The AAA does not cover broken glasses if the student is not injured.**

**Material damages or deteriorations caused by students must be supported by their parents. Parents will be notified and will receive an invoice to repair/replace the equipment.**

**We remind our students and their parents that it is strongly recommended not to bring valuables such as mobiles, iPods,... at School.**

## **26.4. Insurance in case of theft or loss of objects**

**The insurance and the school decline any responsibility in case of theft or loss of objects.**

**We remind our students and their parents that it is strongly recommended not to bring valuables at school and not to leave money lying around.**

## **27. Higher education orientation**

### **27.1. Information on higher education and careers**

Advisers from various European Union countries visit the school and may be consulted by pupils and parents. Documentation on higher education is available to pupils in the school library.

Parents and pupils who are interested in further information or in arranging an interview are asked to contact the following teachers:

<b>BE (Fr)</b>	Mme Neuberg (coordination)
