

PERMISSION TO LEAVE THE SCHOOL PREMISES NURSERY AND PRIMARY SCHOOL

Parents of pupils in Nursery and Primary are reminded that they may collect their children at the end of the school day. Children may however be granted permission to leave the school's premises with their parents' authorization. All parents, including those who will collect their children at the end of the school day, are required to complete and sign the undersigned form:

I (we) the undersigned

(SURNAME and names) Father/Mother/Tutor exerting full parental authority over

the child (SURNAME and name) attending

the European School Luxembourg II (hereunder referred to as the "school")

in class (Cycle, Section Group)

Authorize the latter to leave the European School Luxembourg II's premises, at the end of the school day, in the following manner (please tick the corresponding boxes):

into the care and responsibility of Ms/Mrs/Mr at the end of the school day

..... (Please annex an ID document with a recent photo)

To take the bus or the connecting navette mentioned on the transport card.

Alone, without any accompanying adult

Concerning transport and within its policy of promoting public transport and eco-friendly mobility, the school ensures a service of surveillance of the school's bus stops/stations, for a period of 20 minutes at the end the school day and until the last school bus has left the school's premises. The school also ensures/provides a service of accompanying of Nursery and Primary pupils from their classrooms, or their muster stations within the school's premises, to the school's bus stations/stops. This service is provided by members of the school's staff and by security agents.

An identification card with an identification photo will be provided to each Nursery and Primary pupil to whom permission to leave the school's premises solely upon the above conditions has been granted by his/her parents.

Parents are requested to stick the pupil's identification photo to the card and complete it with the required data.

The pupil's identification card will allow the school's security services and members of staff in charge of accompanying the pupils, to identify the pupils with more ease. It is an important means that will allow those members of staff that are responsible for the pupils transfer and for their surveillance, to ensure the rapid identification of pupils and the means of transport that will be used by these.

The current document exempts the school from any responsibility in the case of any prejudice caused to the pupil during his/her journey/transfer outside the school's premises and at the end of the school's official day and classes.

The school will therefore be considered exempt of any responsibility and not be held responsible for any prejudice caused to the child during his/her journey/transfer outside the school's premises and at the end of the official school's day and classes.

Any change in the above arrangements must be communicated immediately to the school by filling in a new version of this form.
